

Gainesville Daily Sun

XXIV, NO. 197

GAINESVILLE, FLORIDA, THURSDAY, SEPTEMBER 26, 1907

TEN CENTS A WEEK

DAY OF SUFFERING

of the American Bark
Prusa on Black Shore.

EXPERIENCES OF THE CREW

Del Fuego, "the Land of
Fire" Ship Was Driven Ashore and
Went to Pieces—Captain Died
of Exhaustion.

New York, Sept. 25.—The story of
the American bark Prusa,
beached on Staten Island, Terra del
"The Land of Fire," is a
long one.

of the crew have been landed
from the steamer from Montevideo.
Twelve and three are in a hos-
pital at Punta Arenas. The Prusa
was owned in San Francisco and
from Norfolk, Va., March 17,
a cargo of coal for San Fran-

the night of June 19, which was
very cold and bitter, while Captain
was trying to make the New
found light, the bark went
down and soon broke up.

of the thirteen men in the
succeeded in reaching a strip of
beached somewhat by over-
board. At dawn it was dis-
covered that Shala, the Japanese
and Harry Hammond, a sail-

of sand was narrow and
barred any escape across
land.

Johnson soon died from ex-
haustion and was buried in the sand.
The survivors had a few provisions
left on the ship. Meantime a
laboriously built from the
ship, but a fear that the pro-

would not last, led two of the
men, E. Porthin and Joseph Hostein,
to work across the mountains to
help. Porthin crawled back a
few miles later with his hands and feet
frozen. Hostein, re reported,
died from the cold.

gave out, and the men lived
on fish.

Finally, after much danger, the
men, John Hunter, Carpenter Carl
and Seaman Helne reached New
Island, in the frail boat, a
distance of thirty miles.

Deigade in charge at the
house there, rescued the suffering
men from Staten Island after much peril
and suffering. They were kindly nursed
at the light house and then taken to
Punta Arenas.

NEAREST NOT A CANDIDATE.

that He is Aspiring to Presi-
dential Honors.

New York, Sept. 25.—In an inter-
view published here William Randolph
Hearst takes occasion to deny that he
is a candidate for the presidency. He

is not a candidate for the presi-
dency on the Independent League
or on any other ticket, and I
cannot conceive of any conditions un-
der which I would be willing to be-
come a candidate.

On determination, he adds, is "not
of any feeling of pique or dis-
content at the result of the late
election. I am well satisfied to be a
citizen and to labor through
the language, and through the election
process to promote the principles
I believe in. I dislike holding office
and I dislike particularly being placed
in a position where the sincerity of my
principles can be questioned through
campaigning for some office that I do
not want, and that I would only con-
sider to hold through a sense of public
duty, as I would serve on a jury."

Bomber Explodes; Kills Three.

Worster, Ohio, Sept. 25.—Three
men were killed and the other proba-
bly fatally injured when the bomber of
the Pennsylvania ex-
ploded while running at the rate of
fifty miles an hour near here.

Coal Pockets Burned.

Albany, N. Y., Sept. 25.—The big
pockets of the Erie railroad at
Albany, N. Y., were burned by the
action of the burning a loss of
\$100,000.

ROOT TO VISIT MEXICO.

Distinguished American Will Be Given
on Great Ovation.

Mexico City, Sept. 25.—With offi-
cial notification to the effect that Sec-
retary Root will leave Washington
Wednesday afternoon and will arrive
next Monday on a friendly visit to
Mexico, all arrangements for the en-
tertainment of the distinguished vis-
itor are being completed. The pro-
gram will be about as follows:

On his first day, Oct. 1, Mr. Root
will be received by President Diaz,
and in the evening of the same day
he will attend a banquet in the nation-
al palace, President Diaz presiding.

Tuesday, Oct. 2, Secretary Root
will be the guest of honor at a dinner
given at Chapultepec by one of the
cabinet ministers. Wednesday, the
American statesman will attend a
quiet at the Municipal palace by the
city council and Governor Lauro
Esanor.

The program for Friday, Oct. 4,
the day set aside for Americans, has
not been definitely arranged, but a
meeting of the American colony will
be held within a few days to decide
on the entertainment of the secre-
tary on that day. It is believed,
however, that a luncheon or breakfast
will be tendered the American states-
man at the Country Club. On the
evening of the 4th Ambassador and
Mrs. Thompson will receive in honor
of the secretary at the American em-
bassy. Public notice will be given
this function, no private invitations
being issued.

Saturday, the 5th, will be Mr.
Root's last day here, and he will
make an excursion to Xochimilco and
will that night be entertained by Am-
bassador Thompson at a banquet at
Chapultepec.

TRIAL BEGUN.

Man Charged with the Murder of Wo-
man at Bristol, Tenn., Last March.

Knoxville, Tenn., Sept. 25.—The
trial of Aek Hale, charged with the
murder of Lillie Davis, was begun at
Blountville Tenn., Tuesday morning.
Hale is, or was, indicted on the
charge of murdering the girl in East
Hill cemetery in Bristol, the night
of March 27 last. A bullet hole was
in her breast, and Hale claimed she
committed suicide. He admitted hav-
ing gone to the cemetery with her.

Her death occurred only a few days
preceding the date which she was to
have married a wealthy coal operator.
Hale's brother, Roy Hale, is un-
der indictment on the charge of the
murder of J. Irby Davis, a brother of
Lillie Davis.

A probable theory in the Aek Hale
case will be that he wanted to remove
the girl because of testimony it was
expected she would give in the trial
of Roy Hale.

All parties are prominent.

Flood Visited Roanoke.

Roanoke Va., Sept. 25.—The worst
flood that has visited Roanoke in 15
years was experienced Sunday night.
Rain fell in sheets for 13 hours. The
water came from the hills and filled
the streets of the business center to
a depth of from 5 to 12 inches, sweep-
ing through many stores. The Ro-
anoke river rose to 32 feet, and swept
away fences and small buildings. Other
streams got out of their banks. The
tracks of the Norfolk and Western
railway were under water at several
places near Roanoke and some trains
were delayed twelve hours by the wa-
ter.

Train Saved By Boys.

Paducah, Ky., Sept. 25.—Discover-
ing that a trestle between Barlow
and East Cairo, on the Illinois
Central railroad, had been destroyed
by fire, boys ran down the track
and flagged the morning passenger
train, No. 82, in time to prevent
a disaster. The fire is supposed to
have been of incendiary origin. A
delay to all trains was caused.

Nine Russians Are Executed.

Lodz, Russia, Sept. 25.—Seven
workmen and two girls were executed
here Monday by shooting. The nation-
alist, owner of a large coal cot-
ton mill, who was killed by his em-
ployees, had been refused to pay
them for the time they were
on strike.

PACKED IN A TRUNK

Corpse of Woman Was Then
Cast Into Sea.

SHE HAD BEEN STRANGLED

Seattle, Wash., Trunk Mystery Has
Been Solved by Identification of the
Body as that of 17-Year-Old Wife of
Frank Covington.

Seattle, Wash., Sept. 25.—The po-
lice have identified the body of the
woman found in the trunk cast on the
beach of South Alki, as that of Mrs.
Agnes Trueman McCombs Covington,
17 years of age. The woman had
been strangled to death.

She was the wife of Frank Coving-
ton, for several months employed as
salesman in Seattle. Covington is
missing and the police are looking for
him. Acquaintances say they have
not seen him for a week. The body
in the trunk had been dead at least
a week.

Mrs. Covington was the daughter of
Trueman McCombs who lives near
Vernon, British Columbia. Her grand-
mother, Mrs. Elizabeth Robinson;
her aunt, Miss Jennie Robinson, and
her uncle, George Robinson, all live
at 721 Yealer way, Seattle, where the
dead woman's grandmother runs a
lodging house.

Covington is about twenty-three
years of age. He is said to have come
to Seattle two years ago from Louis-
ville, Ky.

A letter from St. Paul, under date
of April 11, 1906, apparently written
by Covington's sister, Edith Coving-
ton, was found in the trunk with the
body. The letter was addressed to
Frank Covington, and the publication
of excerpts from the letter in the pa-
pers led to the woman's identification
by her uncle, George Robinson.

There are deep finger prints in her
neck and throat, around which one
of her own undergarments had been
tightly tied. In the trunk with the
body were numerous articles of cloth-
ing, such as skirts, waists, shoes,
stockings and undergarments. What
space remained after bending and
doubling the body into the trunk,
the murderer filled with rocks and
shells from the seashore, thus hop-
ing to so weight it down as to carry
it to the bottom.

Who the Covingtons Are.

St. Paul, Minn., Sept. 25.—J. B.
Covington of this city, whose firm's
letter paper was found in the trunk,
said:

"Edith Covington, aged 25, and
Frank Covington, aged 22, were brother
and sister, and raised by their
grandparents in Catlettsburg, Ky. Af-
ter they had grown up they paid me
a visit, and the boy left here for San
Francisco. While he was there his
sister, who was still here, received a
letter saying he was going to the
Klondike. That was the last we
heard from the young man.

"Later Edith married and is now
living in Ruth Glen, Va. We have
not heard from her directly, but
a few days ago a letter came to her
here from Seattle and we forwarded
it to her. I presume that while
Edith was here she wrote to her
brother on the firm's letter paper and
that may explain how the letter got
into the trunk. Our theory is that
Frank left his trunk behind him when
he went to the Klondike and it may
have fallen into other hands. The
boy always bore an excellent reputa-
tion."

Train Killed Alabama Crank.

New York, Sept. 25.—The body of
Orlando Toland, the crank from Ox-
ford, Ala., who rode on freight
trains all the way from that place
to the home of President Roosevelt
at Oyster Bay to get the latter to help
him collect a claim of \$3,000,000 from
John D. Rockefeller, now lies in the
mortuary at Hackensack, N. J. He was
killed by being run over by a train.

Wu Tung Fang Reappointed.

Peking, Sept. 25.—The reappoint-
ment of Wu Tung Fang to his former
post as minister of China at Washing-
ton, was gazetted Tuesday.

WHERE ARE THE BOOKS?

Suit to Dissolve the Standard Oil
Company.

New York, Sept. 25.—Certain
transfer books which show stock trans-
actions of the Standard Oil company
trust during the liquidation period of
1892-99, and which are essential to
the establishment of the government's
case against the monopoly, in the suit
to dissolve it, are missing. It is de-
clared from the strong box in the
vault of the trust at No. 26 Broadway.
Special Attorney Kellogg has repeat-
edly asked for the books and smooth
promises with strings to them have
been made that they would be pro-
duced. But they have not been fetch-
ed forward and persistent search by
federal accountants in the Broadway
headquarters of the trust have failed
to bring a trace of them. Now it is
hinted by Standard Oil officials that
perhaps they are gone.

In order to show the present Stand-
ard Oil company has the same old
membership which the supreme court
of Ohio ordered dissolved in 1892,
Kellogg under a new face. In-
vestigator Kellogg must have the books.
They are vital to the government's
case. It was remarked clearly enough
that jail terms were waiting for some
well known oil men if the books were
not produced.

"We shall get those books," Mr.
Kellogg said, "We mean to have
them."

IN MEMORY OF FULTON.

Ceremonies at Jamestown Exposition
in Honor of the Inventor.

Norfolk, Va., Sept. 25.—Elaborate
and beautiful ceremonies marked Mon-
day's observance of Robert Fulton day
at the Jamestown exposition. The
orator of the day was Martin W. Lit-
tleton, of Brooklyn, N. Y.

Cornelius Vanderbilt, the president
of the Robert Fulton association,
came from New York on his yacht, the
North Star, and Dr. Samuel L. Cham-
berlain (Mark Twain) came on the yacht
Kanawha, each being accompanied
by a party of guests. Rear Admiral
P. F. Barrington, United States navy,
retired, headed the committee ap-
pointed to receive the distinguished
guests.

A spectacular feature of the cele-
bration was a typical representation
of what the inventions of Robert Ful-
ton have brought to the world. It
was the assembling in Hampton Roads
just off the exposition grounds, of
every sort of craft propelled by steam.
The vessels, of all species and de-
scriptions, all ablaze with flags and
bunting, formed a maritime parade
which was reviewed by the guests
from the visiting yachts.

Two Counties Go Dry.

Montgomery, Ala., Sept. 25.—But-
ler and Pickens counties have voted
for prohibition, the former by a large
majority. The action of the city coun-
cil will probably spell the beginning
of a fight in Montgomery in a few
days. If high license is granted and
the sale restricted to fire limits there
may be no fight soon; if not, the con-
test is likely to begin at once in order
that the election may be held in time
to get the new situation in by the
first of the year.

Big Guns for British Navy.

London, Sept. 25.—The admiralty
has decided, it is said, that all the
vessels of the Dreadnaught class now
building shall be armed with eight
new type 13.5 guns, so disposed that
they all can be fired on either broad-
side. The new weapon will be over
50 feet long, and a shell from it,
it is calculated, will pierce 20 inches
of Krupp steel armor at a range of
3,000 yards.

Left Fortune of \$750,000.

Youngstown, Ohio, Sept. 25.—Jack
Orrell, proprietor of the Opera Cafe
here, has received word of the death
of an uncle in England who has left
him a fortune of \$750,000. Orrell,
Sr., was a brewer at Dundas,
Stoney Lane, England.

Two Drowned by Skylarking.

Baltimore, Sept. 25.—Skylarking in
a row boat resulted in upsetting the
craft and the drowning of Marie
Lowe, aged 15, and Thomas Behrke,
aged 17. Three other young people
were rescued with difficulty.

HER AWFUL CRIME

Mother Strangles Her Three Chil-
dren to Death.

TRAGEDY AT BUFFALO, N. Y.

After Committing the Inhuman Act
Mother Went and Calmly Informed
Her Husband of Her Crime at the
Place Where He Was Employed.

Buffalo, N. Y., Sept. 25.—Mrs.
Bertha Mund, aged 37 years, early on
Tuesday morning, strangled her three
children—Christopher, aged 8 years;
Helen, aged 2 years, and Freda, aged
eight months—to death at their home
on Clinton street.

Immediately after committing the
awful deed, she went to the Penn-
sylvania railroad yards, where her
husband, Frederick Mund, is employ-
ed as a member of a wringing crew,
and informed him of her actions.
Mrs. Mund was placed under arrest.

POLITICIAN ASSAULTED.

Unknown Parties Make Attack Upon a
Member of Tennessee Hall.

New York, Sept. 25.—John B. De-
lany, a politician and member of Ten-
nessee Hall, who was in the city
Democratic leadership of the twenty-
third assembly district, in the prime-
time, was assaulted as he was on his
way to his home Tuesday evening by
two unknown persons and sustained a
fractured skull and possible internal
injuries.

Mr. Delany had been at his club,
where the last party was given for the
primaries had been given. The assault
is only a short distance from
one of the men throw a brick that
struck him on the head. Mr. De-
lany began to lay, when a second
by a third man, who shot.

DOUBLE SUICIDE.

Leaked in Each Others Arms Young
Men Ended Lives.

Hamilton, O., Sept. 25.—A mysteri-
ous double suicide of two young men,
apparently 23 and 25 years old, was
discovered in a room at the St.
Charles hotel Tuesday morning.

They had ended their lives by in-
haling gas, and were found locked in
each others arms.
The two suicides and a third man
arrived Sunday and had registered to
John Lonnell, Ben Harbo and Tom
McLaughlin, giving no address.
The third man left the hotel with-
out any breakfast.

COTTON STATISTICS.

Census Bureau's Report on Number of
Bales Consumed by Manufacturers.

Washington, Sept. 25.—The census
bureau reported Tuesday that for the
year ending Aug. 31, last, 5,582,955
running bales of cotton were taken by
all American manufacturers compared
with 4,960,479 for last year.
The manufacturers' stock at the
close of the year was 105,370 bales
compared with 68,312 last year.
Active cotton spinning numbered
26,343,467 compared with 25,890,000
last year.

Would Bar the Chinese.

Kingston, Jamaica, Sept. 25.—The
influx of Chinese here is a serious mat-
ter. One section of the press is sug-
gesting the government to take steps to
prevent their landing here as being
detrimental to local traders. King-
ston's city council has adopted a resolu-
tion calling on the government to
amend the pauper alien immigration
law so as to prohibit the entrance of
undesirable foreigners. The resolu-
tion is aimed at the Chinese and
Syrians who, it is said, are over-
running the island.

Colonel of Volunteers Suicides.

Cleveland, O., Sept. 25.—C. Parish,
of Wabash, Ind., who was colonel of
the One Hundred and Third Indiana
volunteers in the civil war and was
brave brigadier general for
valiant service at the battle of Nash-
ville, committed suicide in a lodg-
ing house here Monday night by tak-
ing morphine.

FLATTERING PROSPECTS THE UNIVERSITY OF FLORIDA OPENS

First Day Very Successful
According to President Stodd.

THOROUGHLY ORGANIZED

President Stoddard says that all students will be organized by the latter part of the month. Faculty and Students have been to hard work.

The opening of the great University of Florida opened at Gainesville, Fla., on Monday morning, September 24th. The formal announcement was made this year at the opening of the University.

The very interesting and important work of the University is the opening of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

The University is the first of the year. The University is the first of the year. The University is the first of the year.

PROF. McBEATH HONORED.

Has Been Appointed to a High Position in Mississippi College.

Prof. Tom F. McBeath, for the past two years principal of the Gainesville Graded and High School, and one of the most capable and most widely known educators in the South, and who was appointed to the principalship of the Gainesville school several weeks ago, has resigned that position, having been appointed dean of the pedagogic department of the Mississippi State College for Girls at Columbus, Miss. He left Wednesday for Columbus, and will immediately assume his new duties.

It is with a feeling of profound regret that the people of Gainesville give Prof. McBeath up as principal of this school. Since his connection with that institution success has crowned it, and he has demonstrated his superior ability as an instructor.

The offer for the position referred to came as a surprise to Prof. McBeath, and was entirely voluntary. It is indeed a compliment to his ability. It is stated that the position pays about \$2,000 a year.

It will be gratifying, however, to learn that Mrs. McBeath and children will remain here, for the balance of the year at any rate.

The Mississippi State College is one of the largest in the South, having an enrollment of about 1,000 students.

MUCH CONCERN FELT.

Ordinary Methods for Treating Cataracts Prove Unsuccessful.

Recent statistics showing an increase in cataracts have shaken the confidence of medical men in the usual prescriptions to safeguard human health from the ravages of this disease.

When stomach dosing proved ineffective, it was natural to look for some other treatment, and it is believed that in Hyomel an absolute cure for all cataracts troubles has at last been found. Breathed through a small pocket inhaler, its healing medication reaches every spot where there are cataracts germs, destroys them, prevents their future growth, and soothes the irritated mucous membrane so that relief is felt almost instantly, while lasting cure is practically sure to follow.

The complete Hyomel outfit costs but \$1.00, and is sold by J. W. McCollum & Co. under an absolute agreement to refund the money if it does not give satisfaction. It is the only cure for cataracts that has ever been sold under a guarantee to cost nothing unless it cures, but J. W. McCollum & Co. have so much faith in its power to cure all cataracts troubles that they are willing to take the risk, so if Hyomel does not help you there will not be a penny's expense. Get an outfit at once of this liberal plan.

FORFEITED THEIR BONDS.

Bunch of Gamblers Arrested in Spring Hill by Officer Kite.

Another "bunch" of gamblers who were indulging in a quiet game of skin in a spot where they imagined they were perfectly secure from the officers, were surprised by Officer Kite at a late hour Tuesday afternoon, who swooped suddenly down upon the gang and arrested the whole business.

These offenders of the law were William Bell, Lincoln Williams, Chas. Muldrow and Lunch Culver. There was no session of the mayor's court Wednesday morning, by reason of the fact that the men forfeited a bond of \$7.50 each.

Chas. McKinney, who was arrested upon a charge of being drunk, also forfeited a bond of \$5.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for children's teething. It soothes the child, softens the gums, always all pain, cures wind colic, and is the best remedy for diarrhoea.

The Family Physician

SERMONETTES

BY J. MARVIN NICHOLS.

The world applauds a just man. The man who quits studying commences to decline.

A lie is the only thing that ever comes back from the grave.

Manhood is greater than titles and coronets—and always will be.

Corrupt men and you corrupt the Government in that proportion.

Some men act their thought and then think very little of the act.

The margin makes us rich or keeps us poor as we learn to save or waste.

It is never necessary for an honest man to misrepresent anything or anybody.

It is a good sign when you are honored by the best and hated by the worst.

No more liberty shall there be for us when our thrones rob us and our altars enslave us.

Oh for some genius to rise who will write a real book in this age of defamatory literature!

If you would be loved be generous. No man can be "generous to a fault," however old that adage.

My "Philistine" declares that every quarrel begins in nothing and ends in a struggle for supremacy.

Look after the fellow under your own hat. That will keep you as busy as a cranberry merchant.

Let the carpers carp; and the envious sneeze; and the hyenas dig—each must act his own nature.

"Nature intends that we all should be poor—that we should earn our bread every day before we eat it."

DOCTORS PRESCRIBE SULPHUR.

But Sulphur Should Be Used in Liquid Form Only.

"Hancock's Liquid Sulphur is the most wonderful remedy for Eczema I have ever known," writes Dr. W. W. Leak of Orlando, Fla., who was cured of a case of years' standing.

Dr. W. A. Heard of Maitland, Fla., was cured of Eczema after he had suffered for thirty years, and says: "Hancock's Liquid Sulphur is the finest remedy for all skin troubles he has ever used or prescribed."

Doctors everywhere prescribe it, but they say sulphur should be used in liquid form only, as it is in Hancock's Liquid Sulphur.

Druggists sell it. Booklet free, if you write Hancock Liquid Sulphur Co., Baltimore.

It cures all skin and scalp diseases, if used in connection with the wonderful Hancock's Liquid Sulphur Ointment.

Duel Was Stopped.

Youngstown, Ohio, Sept. 25.—G. Stehlich and Mike Barovitch, two Slavs, engaged in a duel at East Youngstown. The men had not been good friends since they arrived here, and they agreed to fight it out with pistols. Accompanied by seconds, they repaired to a secluded field, and after the distance was paced off they began to shoot. A crowd, headed by Constable McGarry, put in an appearance and the battle was over.

Ruef Changes Abode.

San Francisco, Calif., Sept. 25.—Abraham Ruef is no longer confined in the former residence of former Mayor Schmitz on Fillmore street. Monday Ruef took up his abode at Pacific and Fillmore streets in a private residence where he is reduced to two rooms. His guards were also cut down to two.

Gen. Cecil Clay Dead.

Washington, Sept. 25.—General Cecil Clay, general agent of the department of justice, died here suddenly Monday. He had been in poor health for some weeks. General Clay was 65 years old and a native of Philadelphia. He was an expert rifle shot, and a leading citizen of Washington, D. C.

Flurry of Snow in Chicago.

Chicago, Sept. 25.—A few flakes of snow fell here Monday. The fall was not sufficiently large to be recognized by the weather bureau, but for several minutes it was plainly visible in the air.

The best medicine in the world cannot take the place of the family physician. Consult him early when taken ill. If the trouble is with your chest, bronchitis, tubes, or lungs, ask him about taking Ayer's Cherry Pectoral. He can cure you in a few days. We sell it at 25 cents a bottle. No other.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of

Chas. H. Fletcher

and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Sassafras, Drops and Soothing Syrup. It is Pleasant, contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Colic. It relieves Teething Troubles, cures Croup and Whooping Cough. It assimilates the Food, regulates Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

The Kind You Have Always Bought

In Use For Over 30 Years.

MASTERS HAVE ADJOURNED

Convention Was One of Most
Successful Ever Held in State.

DELEGATES WERE HERE

Important Questions of Interest
to Postmasters Were Discussed.
List of Officers—Next Meeting
to Be Held in Orlando.

One of the Postmasters' Con-
ventions assembled as appointed at
Saturday morning. Carriages
waiting they were taken
to the protecting wings of Post-
master G. Lynch, Col. Ferdinand
H. S. Chubb and B. F.
and transported over the
road to the superb
of the University of Florida.
They were entertained by the
of the University and shown
like the building had
and cultivation had taken
of wild land.

An inspection of the buildings
conservatory, and a drive
in the fields, the party drove
to Gainesville and an oppor-
tunity given the delegates to see
the city. Up past the
the public school building,
the Home, Mr. Chase's ele-
mentary residence, past the old site
of the Florida Seminary, now a
of the past—a chrysalis of the
University—and back to the
hall, is a ride few of those tak-
ing it will soon forget.

Postmaster Beatty Talks.

Returning to the hall the regu-
lar was taken up, and Inspector
Beatty, representing the de-
legates, gave an able address, point-
ing to the postmasters the rocks
in their business, as well
as the pleasant fields and gardens,
and showed them where in union and
strength.

Afternoon Session.

Meeting adjourned at 12:30 and
resumed at 1:30, when the rou-
tine was taken up.
Officers elected for the ensuing
year: Geo. M. Weeks of Glen
Springs, president; John P. Coffin of
Gainesville, vice president; H. M.
Oyer, secretary and treas-
urer; B. De Winkler and W. F.
Beatty on the executive committee.
Session with the officers. The
delegates elected to attend the Nation-
al convention in Washington in Oc-
tober: John P. Coffin of John-
sonville, M. W. Sargent of Avon-
dale, B. De Winkler of Arch Creek,
and Buchanan of Cedar Key.

Resolutions Adopted.

Following resolutions were

TOMORROW

"I'll assure my life tomorrow"

It is the policy of the Standard Life Insurance Company to insure the life of every person who can pay for it.

It is the policy of the Standard Life Insurance Company to insure the life of every person who can pay for it.

Sometime—between two days—your tomorrows will all pass into yesterday.

Ninety-seven percent of all death claims settled in the United States and Canada by

The EQUITABLE

during 1906 were settled within ONE DAY after proofs of death were received. Where claims are not paid immediately it is usually due to delay on the part of the beneficiary in submitting complete papers.

COUPON

Fill out and mail to C. F. Goodman, Local Agent, Gainesville, Fla.

Without committing myself to any action, I shall be glad to have you send me full particulars regarding your new STANDARD Policy, for

\$_____ of Insurance, on the

life of a person _____ years of age.

Name _____

Address _____

adopted:

"Whereas, The present laws governing postoffices of the fourth class prohibit the offices closing during meal hours; and

"Whereas, The remuneration of the average postmaster of the fourth class is not sufficient to enable him to have an assistant, therefore be it

"Resolved, That our delegates to the National League be instructed to introduce a resolution requesting that body to recommend a change in the laws so that offices may be closed during ordinary meal hours.

"Resolved, That we request our representatives in Congress to look after the interests of the postal service in our State by inaugurating or aiding any legislation looking to the advancement of the interests of postmasters in the State, and aiding them to render more efficient service

"Whereas, The success of this convention and the State League have been largely due to the patient and indefatigable endeavors of President Geo. M. Weeks and Secretary H. M. Oyer, therefore be it

"Resolved, That the thanks of the convention are due to them, and are hereby expressed, with most hearty approval of their actions.

"Whereas, It is the sentiment of this convention that the efficiency of our service and the individual interests of each and every postmaster of the State will be advanced by meeting annually and discussing our work and becoming personally acquainted, therefore be it

"Resolved, That we urge upon every postmaster of the fourth class in the State to join our league and meet with us each year, that we, as well as they, may receive the benefit which we are sure will be received by all.

"Whereas, The officers and members of this league have been most cordially received and most pleasantly entertained by the citizens of Gainesville, who one and all have vied with each other in making us feel at home, therefore be it

"Resolved, That our sincere and heartfelt thanks be given the citizens of Gainesville, and that we rejoice with them in the location of the grand State University in their city, and we trust that its future and theirs may go forward hand in hand to success and fame.

"Resolved, That our special thanks are due to Postmaster L. C. Lynch for his hearty co-operation and personal attention to and attendance upon our convention, and by this resolution we hereby elect him an honorary member of the Florida State League of Postmasters of the Fourth Class.

"Resolved, That to Dr. Andrew J. Sledd of the University of Florida, is due our thanks for his most interesting and able address and for his welcoming words; to Inspector Beatty for his address and words of counsel and encouragement; to Inspector Brittan for his presence and

IMPORTANT CASES BEFORE JUDGE MASON

Four Alleged Offenders of Prohibition Law Arraigned.

THEY ALL WAIVED EXAMINATION

And Gave Bond in Sum of \$500 Each for Appearance Before Next Grand Jury—Three Arrests at Newberry, Two of Whom Are White Men.

Wednesday was a red-letter day in County Judge Mason's court, as far as alleged "blind tiger" cases were concerned, four having come up for the consideration of the court.

Dr. N. J. Harry and James Holt, two well-known white citizens of Newberry, were arraigned upon a charge alleging the selling of liquor contrary to law. Both waived examination and gave bond in the sum of \$500 each for their appearance at the next session of the circuit court.

Wes Edie, colored, also of Newberry, was arraigned upon a charge of selling whiskey. He waived examination and gave bond in the sum of \$500. This was the same fate of Will Green, colored, of Tyler, who was brought to this city by Deputy Sheriff Beach.

Dr. Barry is well known throughout the West End, as he has been conducting a drug store in Newberry for several years.

Dr. Barry, James Holt and Wes Edie were arrested by Deputy Sheriff I. C. Walker at Newberry.

help; to the Order of Elks for the use of their elegant building and hall, and to all those who so kindly entreated us."

The next meeting will be held in Orlando, by special telegraphic invitation of Postmaster W. R. O'Neal of that city.

MURRAY WAS ACQUITTED.

Negro Charged With Fraudulent Use of Mails Was Released.

Joseph Murray, a well-known colored man of this city who was arrested here a few days ago by instruction from the United States authorities upon a charge of using a cancelled postage stamp on a letter, was arraigned in the United States Court in Jacksonville and acquitted, the court failing to find sufficient evidence of his guilt.

Murray was defended by Judge Syd L. Carter of this city.

Moving Picture Show.

A fair-sized house greeted the Wild & Kennedy moving picture show at the opera house last night, and were well pleased with the pictures, which are as good as any seen here.

The attraction will be here for three nights and matinee daily.

SOFTNESS OF SEALSKIN.

Is Evident by Women Hair Whose Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a poisonous parasite that saps the vitality of the hair at its root. Houtte's Houtte's is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Securing the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful locks of hair to Houtte's Houtte's. Sold by leading druggists. Send 10c in stamps to The Houtte's Co., Detroit, Mich.

Two sizes—40 cents and \$1.00.

THE COST OF LIVING.

Do you know how much more on the average it costs you to live than it did in 1895? Bradstreet's Commercial Agency, which keeps account of the up's and down's of the price of commodities, has answered the question in the last issue of "Bradstreet's," which says: "Compared with the low level set on July 1, 1895, the gain is 54.8 per cent." So if it cost you \$100 a month to live then, it now costs you over \$154. The protected trusts are the chief cause of high prices, and there seems to be a determination by the dominant political party to refuse to revise the tariff, which protects the trusts and prevents competition. If the Republican party wins in the coming National election, the leaders will declare that it is an endorsement of the tariff policy of protecting the trusts, and there can be but little relief from trust high prices as long as the tariff protects them. An large profits have induced the trusts to manufacture more than the people can consume, the surplus is sold abroad at bargain prices. Why should not the American people participate in these bargains the trusts sell to foreigners?

BRIGHT PARAGRAPHS.

[From The New York Commercial.]

It will soon be open season for Teddy bears.

Leaves are falling; that's where they differ from coal.

Indiana has a short indigo crop. She is reported feeling blue!

Mr. Taft is commiserated of blame for the increase tonnage on Western railroads.

Pennsylvania's Palace of Graft is surely developing a State's prison connection.

There is no one more subject to a bad come down than the parachute performer.

It is surmised that Mr. Bryan is going to blue-pencil those speeches of Mr. Taft.

"Shoes are to be worn longer this year." Hats, too, unless money becomes easier.

Curious how few names of editors appear in the list of Standard Oil stockholders!

Somebody calls attention to how few automobiles are wrecked on the way to church.

Hopkinson praises Venice as nearer Heaven than any other place on earth. It has no automobiles.

The chestnut crop promises to be a failure. Still, the after-dinner speaking has hardly begun yet.

Calhoun Powers says he knows who killed Goebel. Still he doesn't really say it was Harry Orchard.

Wall Street sympathetically congratulates the up-State farmer on the recent crop—no further need to water stock.

The exacting standards of Wall Street demand that investors shall not keep their own hands in their pockets.

Good times mean few Populists.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.
Sold by all druggists, 75c.
Take Hall's Family Pills for constipation.

"Oldest Bank in Central Florida"

H. F. DUTTON & CO. BANKERS Established 1878	OFFICERS W. R. THOMAS, President. C. W. CHASE, 1st Vice-Pres. G. K. BROOME, 2d Vice-Pres. E. D. TURNER, Sec. and Treas.	THE DUTTON BANK Capital Full Paid \$75,000 GAINESVILLE, FLA. COUNTY and CITY DEPOSITORY	DIRECTORS G. K. BROOME, C. W. CHASE, H. F. DUTTON, J. A. MAULTSBY, J. G. NICHOLS, S. J. THOMAS, W. R. THOMAS.	Incorporated as The Dutton Bank 1907
--	--	---	---	---

A Bank whose strength has been so conspicuous for more than a quarter of a century that it is known throughout the country. Accounts of Merchants, Corporations, Farmers, Millmen, Turpentine Operators and Individuals solicited.
Four per cent paid on Time Certificates of Deposit.
Office hours 9 a. m. to 5 p. m.

Omaha claims that the 4,000 once credited to its county have now dwindled to 14.

The Woman's Home Companion says that the old-fashioned night-cap is coming back again. Well, why not? It had a string to it.

Several Chicago clergymen are said to have accepted positions as fire insurance agents. Of course, they take no extra-hazardous risk in territory of unquenchable fires.

The World having asked, "How can we get good official service?" The Omaha Bee buzzes that "one way was never tried in New York is to put better men in office."

A memorial gift of \$154,000 to an American university, commemorating one killed in an automobile accident, reminds us of the possibilities of the auto in extending higher education.

After a few more casualties at county fairs the smile of "up like a rocket and down like the stick" will give way to "up like a balloon trapezist and down like the parachute victim."

Ever since the failure of New York to slide into the sea in August, to the great disgust of reporters who held that assignment, our earthquake prophets continue without honor in their own country.

It now looks as if the future historian would be forced in trying to decide whether the saying "keeping everlasting at it brings success" should be credited to Wellman, Sir Thomas Lipton or William J. Bryan.

The Tampa Tribune says "The Gun Club is much in evidence in Milton since the adoption of prohibition. Going to hunt blind tigers, we presume."

REVIVO
RESTORES VITALITY
"Made a Well Man of Me."
THE GREAT
REVIVO REMEDY

produces fine results in 30 days. It acts powerfully and quickly. Cures when others fail. Young men can regain their lost manhood, and old men can recover their youthful vigor by using REVIVO. The Republican financiers have discovered that there is a scarcity of money, yet there is a much greater amount per capita in circulation every year. Can it be possible that many people are so afraid of the bad effect of the present Republican prosperity that they are locking up their money for fear of hard times?

The Tallahassee Sun says that Florida has given 17,000,000 acres for the building of her railroads. These acres were almost valueless at the time and occupied the place on the tax books. The State perhaps has received for them in the shape of taxes more than they would sell for today had no railroads been built. Railroads are an expensive luxury, but to do without them in an age like this would be quite inconvenient.—Ocala Banner.

PROPHETS IN HIGH PLACES

Predictions Of Trust Magnates
That Failed To Materialize.

ALL STREET FOR CORTELYOU

Robert Roosevelt Likened to a
Man With a Stick of Dynamite.
Prediction That He May Cause
Explosion Which Will Cause War.

Correspondence The Daily Sun.

Washington, D. C., Sept. 25.—
The present boom of high
prices to continue is a matter of
fact between the highest financial
authorities. It may be well to recall
the lessons given and then judge of
the future. It is only a few months
ago that the frenzied financiers of
Wall Street were advising invest-
ment in stocks and bonds at the
then prevailing. Since then
the price of copper has been knocked
down to its paper value, and as far as
the public is concerned, the boom
is perhaps not yet reached. The
public were advised sometime
ago by Tom Lawson to buy copper
for an advance, but this tip
has been followed by a decline of
the price in "Amalgamated Cop-
per" and nearly as much in other
copper stocks. Tom Lawson is likewise
advising President Roosevelt as cer-
tainly to be renominated and elected,
and his political foresight is no
greater than his financial hindsight. It
is very certain that Mr. Roosevelt
will not be renominated.

Mr. Gary of the steel trust de-
clares that the business or trust boom will
continue, but at the same time, there
is a serious decline on the stock
market of steel trust shares, and
the price of steel material are de-
creasing. The price is declining. Mr.
Gary of the copper trust and Stand-
ard Oil declared when he returned
from Europe a few weeks ago that
the price of copper would remain at
about a pound, whereas now it is
selling at 15 cents a pound. Mr.
Wilson, Secretary of Agriculture,
on his return from a two-months'
tour through the country, told us the
country had enormous crops and
was rolling in wealth, but now
the department's last statement shows
that the price of wheat will be nearly 800,000,000 less
than the price of wheat raised this year
last. Have all these gentlemen
been trying to deceive the people for
political or political purposes? It
is very much like it.

The New York Journal of Com-
merce, a most conservative and re-
sponsible business journal, for Septem-
ber 25th says: "The severe depres-
sion that has reigned in the financial
markets is beginning to bear the in-
evitable fruit throughout the country, and
it can be entertained regarding
the continuance of an industrial re-
cession." The same Journal on the 17th
of September says: "The merchants are puzzled."
The Magazine, a reliable source
of information for investors, says "the

Have Kidney Disease and Never Suspect It.

Many people do not realize the alarm-
ing and remarkable prevalence
of kidney disease. While kidney dis-
orders are the most common
diseases that prevail, they are
almost the last recognized by
patient and physicians, who con-
sider them as a last resort.

What To Do.
There is comfort in the knowledge so
expressed, that Dr. Kilmer's
Swamp-Root, the great kidney remedy,
is every wish in curing rheumatism,
in the back, kidneys, liver, bladder,
every part of the urinary passage,
restores inability to hold water,
relieving pain in passing it, or bad
results following use of liquor, wine or
other overcomes that unpleasant ne-
cessity of being compelled to go often
during the day, and to get up many
times during the night. The mild and
extraordinary effect of Swamp-Root
is realized. It stands the highest
of wonderful cures of the most dis-
tressing cases. If you need a medicine
that will have the best. Sold by druggists
at fifty-cent and one-dollar sizes.
You may have a sample bottle and a
book that tells all
about it, both free
of charge. Address Dr.
J. C. Kilmer, Co., Bing-
hamton, N. Y. When
you receive this paper and don't
make a mistake, but remember the
name, Kilmer's Swamp-Root, and
Binghamton, N. Y.

Bad Symptoms.

The woman who has periodical head-
aches, backache, sees imaginary dark
spots or specks floating or dancing before
her eyes, has gnawing distress or heavy
full feeling in stomach, faint spells, drag-
ging-down feeling in lower abdominal or
pelvic region, easily startled or excited,
irregular or painful periods, with or with-
out pelvic catarrh, is suffering from
weakness and derangements that should
have early attention. Not all of above
symptoms are likely to be present in any
case at one time.

Neglected or badly treated and such
cases often run into maladies which de-
mand the surgeon's knife if they do not
result fatally.

No medicine extant has such a long
and successful record as Dr. Pierce's
Favorite Prescription. It is a simple
and natural remedy, and a strong
and healthy tonic. It is a simple
and natural remedy, and a strong
and healthy tonic. It is a simple
and natural remedy, and a strong
and healthy tonic.

The very best ingredients
known to medical science for the cure of
women's peculiar ailments enter into its
composition. No alcohol, harmful, or
habit-forming drug is to be found in the
list of its ingredients printed on each
bottle wrapper and enclosed under seal.
In any condition of the female system,
Dr. Pierce's Favorite Prescription can do
only good—never harm. Its whole effect
is to strengthen, invigorate and regulate
the whole female system and especially
the pelvic organs. When these are der-
anged in function or affected by disease,
the stomach and other organs of digestion
become sympathetically deranged, the
nerves are weakened, and a long list of
bad, unpleasant symptoms follow. Too
much must not be expected of this "Fa-
vorite Prescription." It will not perform
miracles; will not cure tumors—no med-
icine will. It will often prevent them, if
taken in time, and thus the operating
table and the surgeon's knife may be
avoided.

Women suffering from diseases of long
standing, are invited to consult Doctor
Pierce by letter, free. All correspondence
is held as strictly private and secretly
confidential. Address Dr. R. V. Pierce,
Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages)
is sent free on receipt of 21 one-cent
stamps for paper-covered, or 31 stamps
for cloth-bound copy. Address as above.

bankers are puzzled." Now what are
all these people puzzled about? Mrs.
Hetty Green, the richest and most
prominent woman financier in Ameri-
ca, tells us that the "financial situa-
tion is going to the devil," and as
Mrs. Green has access to some of
the highest financial authorities, and
her opinion is not warped by partisan
politics, she may be nearer right than
the other prophets who are evidently
quite fallible.

Is there danger of a financial, in-
dustrial and political cataclysm? It
looks as if a great many people were
afraid of something dire happening. Al-
ready vast fortunes have melted away
or have been greatly depleted, but so
far the trouble has been a "rich man's
panic," and mostly confined to New
York and other great financial
centers. The question is, will it
spread? I have somewhat enlarged
on these symptoms of the busting of
the trust boom created by Republi-
can policies, as it will in effect show
that ultra protection has created an
unnatural prosperity which is now on
the wane. Under these conflicting
advice it will, at least, be wisdom
for ordinary people to keep near the
shore until the financial clouds are
lifted, and by all means not to go into
debt unless there is a sure way of
being able to pay.

New Chapter in Political Campaigning.

The conviction is growing among
military men, politicians and diplo-
mats here that the determination of
the President to send the largest fleet
of battleships ever assembled to the
Pacific next year marks the beginning
of a new chapter in American politi-
cal campaigning. It is pointed out
that not even in the disturbed years
immediately succeeding the Civil
War was there found among ar-
rogant Republican politicians courage
enough to make a display of such
magnitude, although we had, at that
time, a neighbor on the South acting
suspiciously. It is plain that Mr.
Roosevelt is determined to be in a
position, with his great fleet, to
distract public attention from the dis-
cussion of domestic topics. It is now
known here that this is his true in-
tention. If he does no more than this,
we will all thank God. He is like a
child with a stick of dynamite, how-
ever, and is just as liable as not,
while executing what he considers a
smart political trick, to cause an ex-
plosion that will damage us all and
possibly involve us in war, the end of
which no man can see. The novelty
of the performance is what charms
the President. Heretofore the army
and the various departments of the
Government have been used for politi-
cal purposes, but never until this year
of grace has anyone attempted to use
the navy for spectacular purposes.
When Congress opens we may expect
to hear more about this proposed
parade of battleships.

Quiet in Political Circles.

Politics have been rather at a stand-
still for the past week, the most im-
portant Republican movement being

the determination of Congressman
Burton to run against Tom Johnson
for mayor of Cleveland at the solici-
tation of the President and Taft. If
Tom Johnson wins it may virtually
eliminate Taft as a Republican candi-
date for President, and force Tom
Johnson into the limelight as a promi-
nent candidate for the Democratic
nomination.

I am assured by one of the principle
newspaper men representing Wall
Street interests in Washington that
"our people" are for Cortelyou. I drew
out this information by saying I
thought Secretary Taft would not be
nominated by the Republicans.

Out of an aside remark made by
Governor Johnson of Minnesota to a
delegation of Nebraskan merchants,
who went to invite him to their State
for a speech-making tour, has been
manufactured, by the same merchants,
a story to the effect that Governor
Johnson declined the nomination for
the Presidency and declared himself
to be entirely averse to the use of
his name before a National Demo-
cratic convention. The truth is, he
never said anything of the kind. He
did say that he was not a candidate.
No man is a candidate until he is
nominated, so the Governor had
plenty of company.

Threw Himself Under Engine.

Augusta, Ga., Sept. 25.—Clad only
in her night dress, Mrs. W. A. Wade
Sunday night ran out from her home,
where she was held under strict sur-
veillance, threw herself under a pass-
ing locomotive on Washington street,
and was instantly killed. Mrs. Wade
had been ill for some time and had lost
her mind. She was to have been
carried to Savannah in the hope that
salt air would improve her condition.
Some days ago she took a quantity of
rough on rats in an attempt to suicide
but prompt medical attention saved
her life. She leaves a husband and
several children.

Assault Upon White Woman.

Baxley, Ga., Sept. 25.—Sunday at
at her home ten miles from this place,
Mrs. Marvin Overstreet was assault-
ed by a negro turpentine hand, Claren-
ce Gilmore. After accomplishing his
purpose it is said he beat his vic-
tim over the head with a turpentine
pail, crushing her skull, making
wounds that is believed will end fat-
ally. Every part of the county is
being searched for the negro. Mrs.
Stevens tells a horrible story and the
community is greatly inflamed over
the crime.

If Its a Reputation

You are after, White's Cream Ver-
mifuge has a world wide reputation
as the best of all worm destroyers,
and for its tonic influence on weak
and unthrifty children. It improves
their digestion and assimilation of
their food, strengthens their nervous
system and restores them to health
and vigor natural to a child. If you
want a healthy, happy child get a
bottle of White's Cream Vermifuge.
Sold by W. M. Johnson.

Injured in Brooklyn Bridge Crash.

New York, Sept. 25.—Several per-
sons are in a hospital suffering from
injuries received in an accident on the
Brooklyn bridge which was followed by
one of the worst crashes in the his-
tory of that structure. The breaking
of a drawbar on a train resulted in a
collision between two freight trains.
The blocking of traffic caused a great
jam on the Manhattan end of the
structure and police reserves had to be
called out to prevent serious trouble.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of J. C. Kilmer.

Gen. Lane Dies at Auburn.

Auburn, Ala., Sept. 25.—General
James H. Lane, emeritus professor of
civil engineering in the Alabama Poly-
technic institute, died here Saturday.
General Lane served as brigadier gen-
eral in the late civil war. For the
past twenty-five years he has filled
the chair of civil engineer here.

The Found Relief.

If you are troubled with liver com-
plaints for have not received help
from books, Mrs. Mary E. Hammond,
of private fame: "I was in poor
health. Liver trouble—for over
a year. Doctors did me no good and
I was in pain, and three bottles
cured me. I can't say too much for
Hammond's. It is a wonderful liver
medicine. I always have it in the
house. Publish where you wish."
Sold by W. M. Johnson.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tun-
nelton, W. Va., "I was going down by inches,
from female disease, with great pain. After tak-
ing Cardui, Oh! My! How I was benefited! I
am not well yet, but am so much better that I will
keep on taking Wine of Cardui till I am perfectly
cured."

Despite the envious attacks of jealous enemies
and rivals, Cardui still holds supreme position
today [as in the past 70 years] for the relief and
cure of female diseases. It stops pain, tones up
the organs, regulates
the functions, and aids
in the replacement of
a misplaced organ.

At Every Drug Store in \$1.00 Bottles.

WINE
OF
CARDUI

THE SUNSHINE of the Sunny South
lives in bottled Coca-Cola. The great-
est American drink has now become a
household necessity. Invaluable in
straightening out domestic trials and the tribu-
lations of housekeeping. From grandpa to
grandfather, it fills a long-felt want and offers
just the invigoration needed for springing into
positions and over-taxed nerves. It helps to
solve the "Servant Problem."

S.S.S. FORTY YEARS OF CURES

Long experience and thorough testing have proven S. S. S. to be the King of blood purifiers and the greatest of all tonics. For nearly half a century S. S. S. has been used in the treatment of blood and skin diseases of every character, and so satisfactory have been the results that it is now the best known and most widely used blood medicine on the market. S. S. S. attracted attention as soon as it was placed on the market by curing promptly those diseases for which it was recommended, and we have so jealously guarded its first good reputation, by keeping it up to its standard in manufacture, that it now has the unequalled and pleasing record of "Forty Years Of Cures." For Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Malaria, Skin Diseases, Contagious Blood Poison, and all other diseases due to an impure or poisoned condition of the blood, there is nothing that equals S. S. S. It counteracts and removes the germs and poisons, cleanses the system of all unhealthy matter, cures the trouble permanently, and restores strong, robust health. Where the blood is weak or anemic and unable to nourish the system as it should, S. S. S. supplies it with the needed properties, and being a bracing, invigorating tonic it builds up the entire system. It goes to the very bottom of all blood disorders, and in this way reaches deep-seated and inherited cases on which the ordinary cathartics and tonics have little or no effect. Not only is S. S. S. certain in its results, but it is an absolutely safe medicine. It enjoys the distinction of being the only blood medicine on the market that is guaranteed purely vegetable. If you are in need of a blood remedy begin the use of S. S. S., the medicine that has proven its worth by its record of forty years of cures. Book on the blood and any medical advice you wish. No charge for either.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

"GEORGIA" VICTORIOUS.

Big Battleship Wins in Impromptu Race Down Atlantic Coast. Philadelphia, Pa., Sept. 25.—Victorious in two races, the battleship Georgia arrived at the League Island navy yard Monday, one hour and seven minutes after the battleship Kansas, which started from Cape Cod four hours before its rival.

In making this gain of two hours and 55 minutes on the Kansas the Georgia humbled the battleship by "sailing it below the horizon" in two days.

The races between the battleships were entirely impromptu, and were caused merely by the desire of captains sailing over the same course to make creditable time for their vessels. The Kansas was the first to receive its sailing orders from Rear Admiral Evans, while the North Atlantic fleet was cruising off Cape Cod on Sunday morning, and at 7 p. m. the battleship shaped its course for the Delaware capes. The Georgia started at 11 a. m., together with the Rhode Island, which was ordered to New York. The Rhode Island was no match for the Georgia, which has barely been in the water one year, but has her machinery and engines tried out to perfection.

The Georgia, after steaming the Rhode Island "below the horizon," kept up a 15-knot clip all the way to the Delaware capes.

When the Georgia passed Reddy Island at 1:07 a. m. Monday Captain McCrea learned that he had outdistanced the Kansas, which passed Reddy Island at 9 a. m., and made the 400 mile trip from Cape Cod at an average speed of 18 knots an hour.

WAR IN MOROCCO ENDS.

Tribesmen Have Accepted Terms Proposed by the French.

Paris, Sept. 25.—Peace has been declared in Morocco. The delegates of three important tribes have accepted the French peace overtures and will see that the terms of the agreement are carried out. Hostilities are now at an end.

The destruction of the Moorish camp at Sidi Brahim, south of Casa Blanca, with the dispersal of the tribesmen, resulted in peace. Several Moors, representing Oulaceyan, Bentami and Kyalid tribes, presented themselves at General Druze's headquarters to discuss the conditions which the Moors held out, but upon which the French authorities insisted.

Mr. CALHOUN LOSES.

Former Attorney Must Stand Trial for Bribery Charge.

San Francisco, Sept. 25.—The state supreme court has sustained the validity of the grand jury which indicted Schmitz, Ruef and Patrick Calhoun, head of the United Railways, and others, for corruption.

Mr. Calhoun and others pushed the case before the supreme court, hoping to gain a decision declaring the grand jury illegal.

The decision rendered Monday means that Calhoun, who is now out on heavy bond, must stand trial on a charge of bribing city officials to secure franchises for his street railway.

General Robert E. Lee

Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest Liniment. Quickly cures all pains. It is within the reach of all. T. H. Foster, Hempstead, Tenn., writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent Liniment for Rheumatic pains. I am never without it." Sold by W. M. Johnson.

FOUR PERSONS DROWNED.

Gasoline Tank on Yacht Explodes with Fatal Results.

Gallipolis, Ohio, Sept. 25.—While out on the Ohio river late Monday night with a party of twenty-two men the gasoline tank on the yacht Blanch M exploded. All those on board were thrown into the water and four were drowned.

The names of the lost are: John E. Edwards, of Gallipolis; J. R. Simmons, of Harrisville, W. Va.; H. H. Brake, assistant cashier of the Harrisville First National bank; J. W. Fiddler, of Harrisville, secretary of the West Virginia congressional committee.

None of the bodies has been recovered.

Harvey E. McGinnis, clerk of the circuit court of Harrisville, and W. E. Meserve were badly burned.

Destines to Recommend Clemency.

Atlanta, Sept. 25.—Charles Allen, a negro, will be hanged at McDonough, Henry county, on Friday, of this week, for the murder of Ben Ritt, Ohio, another negro. The two negroes were working at a saw mill and engaged in a dispute over a bottle of whiskey. At the end of the dispute Ritt was dead, and Allen has been convicted of his murder. The prison commission Monday heard an application for commutation to life imprisonment in Allen's case, after consideration of which they declined to recommend. This means Allen must go to the gallows on Friday, unless the governor intercedes, which is not considered likely.

Stabbed Wife with a Knife.

Salisbury, N. C., Sept. 25.—Henry Anderson, a machinist, stabbed his wife with a butcher knife and lies in jail awaiting the result of her injuries. The two had separated and quarreled, but Anderson declares he attacked his wife while crazed with morphine, which he had been using excessively. Copious supplies of the drug were found about the house.

Wealthy Lumberman Dies.

Gallburg, N. C., Sept. 25.—J. B. Bennett, aged 30 years, a wealthy lumberman of Asheville, N. C., died at the Whitehead-Stokes sanitarium where he went last week for an operation.

Dies From Typhoid Fever.

Charlotte, N. C., Sept. 25.—J. M. Slattery, aged 22 years, chief clerk to Col. W. B. Rodman, division counsel of the Southern, died here on Sunday morning of typhoid fever.

The Time to Cry "Halt!"

If one be watchful there comes a time in the life of every man and woman when one or more discoveries are made. The walk is not so brisk, the shoulders have got into a way of slumping forward and the back is not so erect as formerly. Now is the time to cry "Halt!" It is the time to drill the body, the time to revise sleep, diet, exercise, occupation, relaxation and all habits. Every son and daughter of humanity should refuse this gradual yielding to decay.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Sullivan House, El Reno, Okla., writes: "I take PAIN-EXTERMINATOR to all who are afflicted with rheumatism. It is the only remedy I have found that gives prompt relief." 25c, 50c and \$1.00. Sold by W. M. Johnson.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 408, LAWS OF FLORIDA.

A PERSIAN YARN.

Dragon That Was Tamed by the Memory of a Shrew.

Stories about shrews are very popular in Persia. Here is one of them: A man had a wife who was the plague of his life. At last he could bear it no longer and threw her down a well. Three days later he relented and dug down the well for her to see if she was still alive. In the bottom of the well a huge dragon came up. The man was terribly frightened. He thought that the dragon would devour him instead of devouring her. He begged him with gratitude and begged him to have her delivered from the society of such a terrible companion. As a reward the dragon entered into a conspiracy with him and arranged to go and coil itself around the body of the king's daughter. After the astrologers and magicians used all their skill in vain to attempt to deliver her, the man came to the king and said: "I am the only person who can save your daughter. If I do not succeed, may I kill me." The king would recognize him and save her, and the king would reward him with splendid presents. The man made it a stipulation that if any other princess the man attempted to interfere on penalty of death. The dragon went and coiled around the daughter of the king and after every remedy had been without success the man came and begged him before the king. "Sire, I am the only person who can save your daughter. If I do not succeed, you will kill me." Then the king knew him and went away, leaving the princess free, and the king gave her upon the deliverer and she had an enormous fortune. At a time the dragon went and coiled around the body of a princess of Persia. The king of Persia, who had heard of the dragon, sent an embassy loaded with costly gifts to the court of Persia, praying the princess to come and free his daughter, but the man remembered that he had promised the dragon to deliver her, but only to tell you that he had succeeded in getting out of the well and is coming to avenge upon you as quickly as she can. The man had to go, but he never as to what would happen. When he arrived in the presence of the dragon and the princess he said to the dragon: "I have not broken my word. I did not come to deliver her, but only to tell you that she has succeeded in getting out of the well and is coming to avenge upon you as quickly as she can." The man remembered the terrible he had with the man's wife, and he better to dwell in a wilderness in a quagmire and angry.

Chicago News.

When in Evening Dress.

Charles Dickens was to make his appearance in Boston before a large audience as a reader and a crowd awaited him. The crowd of the people for the most part were then living had risen to the level of the most ardent admirers afterward told this of the evening: "A few gentlemen who wished to see and show him attention I saw him in the little room at the back of the room when Dickens entered it. He was a rather stout man, with a red face, and I saw, to my surprise, that he was dressed in an extremely shabby to the extreme fashion. He wore a bow tie, a buttonhole and two chains of which were fastened across his chest. He had a gaudy taste in his dress which his friends regretted. How distasteful it would be to his admirers who approached him and enjoyed his writings. One, of course, could broach the subject to him, and he appeared to be every other night of the evening in the same attire. The comment was, 'Why, this is the same man who created Tiny Tim in "A Christmas Carol"!' How can a man with such a reputation be the creator of Tiny Tim?"

A Handy Measure.

You have a pint jug and wish to know if it is half a pint with tolerable accuracy. It is useless to try and do so by weighing when the jug is half full. The way is to tilt the jug until the water just reach to the upper edge of the bottom of the vessel and the lip at the lower end of the jug. In this way the space in the jug is practically cut into two equal portions, each half representing a pint taken by half a pint.—Louis Weller.

Man is Wiser.

(at the mirror)—Put a looking glass behind you. You will look behind it. Miss W. knows better. He knows that anything further back he can see before him.

NOTICE OF INCORPORATION.

Notice is hereby given that on the tenth day of October, A. D. 1907, we, the undersigned subscribing incorporators, intend to apply to the Governor of the State of Florida at Tallahassee, for Letters Patent incorporating THE GAINESVILLE BOTTLING WORKS, with and upon the following proposed charter and articles of incorporation.

J. B. BROOKS,
C. E. SCARBOROUGH,
M. N. BROOKS.

Articles of Incorporation of The Gainesville Bottling Works.

Article I—The name of this corporation shall be THE GAINESVILLE BOTTLING WORKS, and its principal place of business shall be in the City of Gainesville, in Alachua County, Florida.

Article II—The general nature of the business to be transacted by said corporation shall be to build, operate and own bottling works, and to manufacture and bottle soda water and all kinds of mineral waters; to buy, manufacture, sell or otherwise deal in soda water apparatus, and all kinds of soda fountain supplies and fixtures; to engage in the manufacture of metal and wood delivery and shipping cases of all kinds, and to deal in all other commodities and articles of trade and merchandise throughout the State of Florida, and all other States of the United States of America; and to travel its traveling men and mercantile agents throughout the United States for the sale of the product of the said corporation, and of all said commodities to the trade, and to establish branch works, manufacturing, houses and agencies in or throughout said States, as its board of directors shall from time to time decide upon; and to adopt all the means proper, expedient or necessary for the conduct of such business, and to have, exercise and enjoy all rights, powers and privileges of corporations, organized and existing under and by virtue of the laws of the State of Florida.

Article III—The amount of the capital stock authorized hereunder is Ten Thousand (\$10,000) Dollars, to be divided into one hundred (100) shares of the value of one hundred (\$100) dollars each, to be paid in as follows: Fifty (50) per cent thereof in property, machinery, labor, etc., and the balance in cash, property, machinery or labor as called for by the board of directors of said corporation.

Article IIII—The term for which said corporation shall exist shall be ninety-nine (99) years.

Article V—The business of said corporation is to be conducted by a president, who shall also be the treasurer thereof, and by a secretary, who shall also be the auditor thereof; and by a board of three (3) directors, all of said officers to be elected on the fifteenth day of October, A. D. 1907, and thereafter on the first Monday in January of each succeeding year. The names of the officers who are to conduct the business until those elected at the first election shall be qualified are J. B. Brooks, as president, acting also as treasurer; C. E. Scarborough, as secretary, acting also as auditor, and J. B. Brooks, C. E. Scarborough and M. N. Brooks, as the board of directors.

Article VI—The highest amount of indebtedness or liability to which this corporation can at any one time subject itself is Five Thousand (\$5,000) Dollars.

Article VII—The name and residences of the subscribing incorporators, together with the number of shares of stock subscribed by each, are as follows:

J. B. Brooks, Gainesville, Florida, Seventy (70) shares.
C. E. Scarborough, Gainesville, Florida, Six (6) shares.
M. N. Brooks, Gainesville, Florida, Four (4) shares.
State of Florida, Alachua County.)

Before me personally appeared J. B. Brooks, C. E. Scarborough and M. N. Brooks, to me well known, and known to me to be the individuals described in and who subscribed and executed the foregoing articles of incorporation as incorporators, and severally acknowledged to and before me that they executed the same for the uses and purposes therein set forth and expressed.

In witness whereof, I have hereunto set my hand and affixed my official seal at Gainesville, Florida, this fifth day of September, A. D. 1907.

(Seal) FERDINAND BAYER,
Notary Public State of Florida at Large. My commission expires May 15th, A. D. 1911.

HOW BONNER WON SUCCESS

The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and energetic advertising. When he began the publication of the paper whose phenomenal success brought him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.

He forced his enterprise upon public attention by a systematic levitation of competitors for advertising which at that time was without precedent or parallel. While some of his newspapers were carried at high prices to them forth the merits of his undertaking.

From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.

Conservative publishers, juggling along in the rut of old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and these receipts increased with startling rapidity.

Every dollar disbursed in this way brought in more dollars until creditors were confounded and pessimists in this particular branch of business silenced by his tremendous success.

The lesson is one that is as well worth heeding today as it was forty years ago.—Philadelphia Bulletin.

Large space in this paper is one of the best investments a merchant can make.

NEWS OF CITY AND COUNTY CONDENSED

Abstracts of General Interest Gathered by Our Reporters.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs. "We Who Run the City" in The Sun.

W. L. Tison of Trenton, manager for Hardee Bros., merchants and ginners, was transacting business in this city yesterday.

Three days only we will sell linen scarfs and Batenberg pieces at extremely low prices—at the "new kind of a store." Gainesville 5 and 10-Cent Store.

A. M. Cushman has returned from St. Paul, Minn., where he went to represent Florida in the National Odd Fellows' Convention. He reports an excellent trip and a fine meeting.

Born, to Mr. and Mrs. Chas. A. Marks at Waldo yesterday morning, a fine boy. Friends of Mr. and Mrs. Marks in Gainesville extend congratulations. Mrs. T. B. Ellis, Sr., mother of Mrs. Marks, is with her.

John G. White, a leading merchant of Newberry, was in the city yesterday. Mr. White is chairman of the board of trustees of the Newberry school district, and was here on business connected with the office of County Superintendent Dr. J. L. Kelley.

Lieutenant Louis R. Ball, commandant of cadets at the University, has returned from Los Angeles, California, where, with his family, he has spent the past few weeks. Mrs. Ball and children do not expect to return to Florida this year, which will be sad news to their friends.

A card has been received announcing that Mr. and Mrs. J. M. Graham, who have been spending the greater part of the time during the past few weeks at Hot Springs, N. C., are en route home. They left Hot Springs on the 23rd inst. and will stop at Asheville en route, arriving here about October 1.

W. F. Love of Trenton spent Wednesday in this city with friends.

Wanted—Messenger boy; steady employment. W. U. Telegraph Co.

Special sale in linen scarfs for three days only at the "new kind of a store." Gainesville 5 and 10-Cent Store.

Nearly furnished room, on block adjoining square, to rent. Apply in front of Baptist church, or at Sun office.

J. E. and J. C. Stokes, two well-known young men of the Devil's Mill-hopper section, were trading in the city yesterday.

R. B. Hodgson of Archer, member of the firm of Hodgson & Wood, extensive merchants, spent Tuesday in this city on business.

Friends of Chas. H. Fish are glad to see him put again, after an indisposition which confined him to his room for a week or more.

One trial will convince you that we will save you money at our low prices at the "new kind of a store." Gainesville 5 and 10-Cent Store.

Hon. Herbert J. Drane and son, O. W. Drane, of Lakeland, are in the city. It is understood that Mr. Drane came for the purpose of entering his son in the University.

Misses Mary Groover of Jacksonville and Janet Bird of Tallahassee are in the city, guests of relatives at the home of W. M. Bradford, 400 West Masonic street.

Mr. and Mrs. C. V. Simpson are rejoicing over the birth of a fine girl, the stork having paid their home a visit yesterday morning. Friends are extending congratulations.

T. S. Dorsey has gone to his old home in Kentucky, where he will spend a well earned vacation. Mrs. Dorsey has been in that State for the past few weeks, and he will join her there.

John C. R. V. and W. H. Dial, three well-known and successful business men of Madison, were registered at the Brown House yesterday. These gentlemen are extensively engaged in the general mercantile and cotton-baying business.

Captain W. G. Shehee, one of The Sun's old friends and subscribers, and a well-known business man of High Springs, paid this city a visit Tuesday. Captain Shehee has been a sufferer for some time with rheumatism, but appears to be somewhat improved now, which will be gratifying news to his friends.

PACKED IN A TRUNK

Corps of Woman Was Then Cast Into Sea.

SHE HAD BEEN STRANGLED

Seattle, Wash., Sept. 25.—The police have identified the body of the woman found in the trunk cast on the beach of South Alki, as that of Mrs. Agnes Trueman McCombs Covington, 17 years of age. The woman had been strangled to death.

Seattle, Wash., Sept. 25.—The police have identified the body of the woman found in the trunk cast on the beach of South Alki, as that of Mrs. Agnes Trueman McCombs Covington, 17 years of age. The woman had been strangled to death.

She was the wife of Frank Covington, for several months employed as a salesman in Seattle. Covington is missing and the police are looking for him. Acquaintances say they have not seen him for a week. The body in the trunk had been dead at least a week.

Mrs. Covington was the daughter of Trueman McCombs who lives near Vernon, British Columbia. Her grandmother, Mrs. Elizabeth Robinson; her aunt, Miss Jennie Robinson, and her uncle, George Robinson, all live at 721 Yealer way, Seattle, where the dead woman's grandmother runs a lodging house.

Covington is about twenty-three years of age. He is said to have come to Seattle two years ago from Louisville, Ky.

A letter from St. Paul, under date of April 11, 1906, apparently written by Covington's sister, Edith Covington, was found in the trunk with the body. The letter was addressed to Frank Covington, and the publication of excerpts from the letter in the papers led to the woman's identification by her uncle, George Robinson.

There are deep finger prints in her neck and throat, around which one of her own undergarments had been tightly tied. In the trunk with the body were numerous articles of clothing, such as skirts, waists, shoes, stockings and undergarments. What space remained after bending and doubling the body into the trunk, the murderer filled with rocks and shells from the seashore, thus hoping to so weight it down as to carry it to the bottom.

Who the Covingtons Are.
St. Paul, Minn., Sept. 25.—J. B. Covington of this city, whose firm's letter paper was found in the trunk, said:

"Edith Covington, aged 25, and Frank Covington, aged 22, were brother and sister, and raised by their grandparents in Catlettsburg, Ky. After they had grown up they paid me a visit, and the boy left here for San Francisco. While he was there his sister, who was still here, received a letter saying he was going to the Klondike. That was the last we heard from the young man.

"Later Edith married and is now living in Rutherford Glen, Va. We have not heard from her directly, but a few days ago a letter came to her, here from Seattle and we forwarded it to her. I presume that while Edith was here she wrote to her brother on the firm's letter paper and that may explain how the letter got into the trunk. Our theory is that Frank left his trunk behind him when he went to the Klondike and it may have fallen into other hands. The boy always bore an excellent reputation."

Train Killed Alabama Crank.
New York, Sept. 25.—The body of Orlando Toland, the crank from Oxford, Ala., who rode on freight trains all the way from that place to the home of President Roosevelt at Oyster Bay to get the latter to help him collect a claim of \$5,000,000 from John D. Rockefeller, now lies in the morgue at Hackensack, N. J. He was killed by being run over by a train.

Wu Tung Fang Reappointed.
Peking, Sept. 25.—The reappointment of Wu Tung Fang to his former post as minister of China at Washington, was gazetted Tuesday.

NEWS OF CITY AND COUNTY CONDENSED

W. A. Halle, who is looking after the harvesting of his crop at his country home about twelve miles west of the city, was here yesterday. It is said by those familiar with the place that Mr. Halle will have one of the most prolific crops in that section.

John G. White, a leading merchant of Newberry, was in the city yesterday. Mr. White is chairman of the board of trustees of the Newberry school district, and was here on business connected with the office of County Superintendent Dr. J. L. Kelley.

Postmaster W. M. Parker of New River, who has been in the city for the past two days attending the annual convention of postmasters of the fourth class, returned to his home last night. Mr. Parker is engaged in the mercantile business at New River.

A card has been received announcing that Mr. and Mrs. J. M. Graham, who have been spending the greater part of the time during the past few weeks at Hot Springs, N. C., are en route home. They left Hot Springs on the 23rd inst. and will stop at Asheville en route, arriving here about October 1.

Mrs. G. W. Moyers, who has been here for several days looking after her property interests, will leave today for Newmarket, Va. Mrs. Moyers is sponsor for the Seventh Congressional District of Virginia at the Confederate reunion to be held in Norfolk. She still retains her membership in Kirby-Smith Chapter, U. D. C., and her friends here are proud of the recognition shown her in being selected as one of the sponsors at the Virginia reunion. It is to be hoped that Mrs. Moyers will yet return to Gainesville, her former home, to reside again.

PROF. McBEATH HONORED.

Has Been Appointed to a High Position in Mississippi College.

Prof. Tom F. McBeath, for the past two years principal of the Gainesville Graded and High School, and one of the most capable and most widely known educators in the South, and who was appointed to the principalship of the Gainesville school several weeks ago, has resigned that position, having been appointed dean of the pedagogic department of the Mississippi State College for Girls at Columbus, Miss. He left Wednesday for Columbus, and will immediately assume his new duties.

It is with a feeling of profound regret that the people of Gainesville give Prof. McBeath up as principal of this school. Since his connection with that institution success has crowned it, and he has demonstrated his superior ability as an instructor.

The offer for the position referred to came as a surprise to Prof. McBeath, and was entirely voluntary. It is indeed a compliment to his ability. It is stated that the position pays about \$2,000 a year.

It will be gratifying, however, to learn that Mrs. McBeath and children will remain here, for the balance of the year at any rate.

The Mississippi State College is one of the largest in the South, having an enrollment of about 1,000 students.

Gen. Lane Dies at Auburn.
Auburn, Ala., Sept. 25.—General James H. Lane, emeritus professor of civil engineering in the Alabama Polytechnic Institute, died here Saturday. General Lane served as brigadier general in the late civil war. For the past twenty-five years he has filled the chair of civil engineering here.

Two Drowned by Skydiving.
Baltimore, Sept. 25.—Skydiving in a row boat resulted in upsetting the frail craft and the drowning of Myrtle Lee, aged 15 and Herman Behnke, aged 17. Three other young people were rescued with difficulty.

POSTMASTERS HAVE ADJOURNED

The Convention Was One of Most Successful Ever Held in State.

MANY DELEGATES WERE HERE

Some Important Questions of Interest to Postmasters Were Discussed. Election of Officers—Next Meeting to Be Held in Orlando.

Members of the Postmasters' Convention assembled as appointed at 9:30 yesterday morning. Carriages being in waiting they were taken under the protecting wings of Postmaster L. C. Lynch, Col. Ferdinand Bayer, Hon. H. S. Chubb and B. F. Hampton, and transported over the macadamized road to the superb grounds of the University of Florida, where they were entertained by the officials of the University and shown how, Alladin like, the building had grown and cultivation had taken the place of wild land.

After an inspection of the buildings and conservatory, and a drive through the fields, the party drove back to Gainesville and an opportunity was given the delegates to see the beauties of our city. Up past the Tabernacle, the public school building, Odd Fellows' Home, Mr. Chase's elegant new residence, past the old site of the East Florida Seminary, now a thing of the past—a chrysalis of the new University—and back to the Elks' Hall, is a ride few of these taking part in it will soon forget.

Inspector Beatty Talked.
Upon returning to the hall the regular work was taken up, and Inspector E. D. Beatty, representing the department, gave an able address, pointing out to the postmasters the needs and shoals in their business, as well as the pleasant fields and gardens, and showed them where in union and co-operation is strength.

After Mr. Beatty's address he answered numerous questions and solved a number of knotty problems for his interrogators.

Afternoon Session.

The meeting adjourned at 12:30 and reconvened at 1:30, when the routine business was taken up.

The officers elected for the ensuing year were: Geo. M. Weeks of Glen St. Mary, president; John P. Coffin of Johnstown, vice president; H. M. Oyer of Citra, secretary and treasurer, and B. De Winkler and W. F. Gruener on the executive committee, in conjunction with the officers. The delegates elected to attend the National Convention in Washington in October were: John P. Coffin of Johnstown, Miss M. W. Sargent of Aven Park, B. De Winkler of Arch Creek, and Sol Bachman of Cedar Key.

Resolutions Adopted.

The following resolutions were adopted:

"Whereas, The present laws governing postoffices of the fourth class prohibit the offices closing during meal hours; and

"Whereas, The remuneration of the average postmaster of the fourth class is not sufficient to enable him to have an assistant, therefore be it

"Resolved, That our delegates to the National League be instructed to introduce a resolution requesting that body to recommend a change in the laws so that offices may be closed during ordinary meal hours.

"Resolved, That we request our representatives in Congress to look after the interests of the postal service in our State by inaugurating or aiding any legislation looking to the advancement of the interests of postmasters in the State, and aiding them to render more efficient service.

"Whereas, The success of this convention and the State League have been largely due to the patient and indefatigable endeavors of President Geo. M. Weeks and Secretary H. M. Oyer, therefore be it

"Resolved, That the thanks of the

convention are due to them, and are hereby expressed, with most hearty approval of their actions.

"Whereas, It is the sentiment of this convention that the efficiency of our service and the individual interests of each and every postmaster of the State will be advanced by meeting annually and discussing our work and becoming personally acquainted, therefore be it

"Resolved, That we urge upon every postmaster of the fourth class in the State to join our league and meet with us each year, that we, as well as they, may receive the benefit which we are sure will be received by all.

"Whereas, The officers and members of this league have been most cordially received and most pleasantly entertained by the citizens of Gainesville, who one and all have vied with each other in making us feel at home, therefore be it

"Resolved, That our sincere and heartfelt thanks be given the citizens of Gainesville, and that we rejoice with them in the location of the grand State University in their city, and we trust that its future and theirs may go forward hand in hand to success and fame.

"Resolved, That our special thanks are due to Postmaster L. C. Lynch for his hearty co-operation and personal attention to and attendance upon our convention, and by this resolution we hereby elect him an honorary member of the Florida State League of Postmasters of the Fourth Class.

"Resolved, That to Dr. Andrew J. Stodd of the University of Florida, is due our thanks for his most interesting and able address and for his welcoming words; to Inspector Beatty for his address and words of counsel and encouragement; to Inspector Britton for his presence and help; to the Order of Elks for the use of their elegant building and hall, and to all those who so kindly entertained us."

The next meeting will be held in Orlando, by special telegraphic invitation of Postmaster W. R. O'Neal of that city.

TAX DEED NOTICES.

Two Notices Published Gratis for Information of Sun Readers.

The following notices of intention to apply for tax deeds appear in The Elevator of September 19th, and are published in The Sun for the information of our readers:

Notice is hereby given that Wm. L. Littledale, purchaser of Tax Certificate No. 631, dated the 6th day of September, A. D. 1906, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Alachua county, Florida, to-wit:

Lot 2, Block 34, Hawthorn.

The said land being assessed at the date of the issuance of such certificate in the name of Mrs. H. E. White. Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 9th day of October, A. D. 1907.

S. H. WILKINSON,
Clerk Circuit Court.

Notice is hereby given that Town of High Springs, purchaser of Tax Certificate No. 4, dated the 2nd day of October, A. D. 1906, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Alachua county, Florida, to-wit:

Block 50, Foster's addition to the town of High Springs, Florida.

The said land being assessed at the date of the issuance of such certificate in the name of Unknown. Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 14th day of October, A. D. 1907.

S. H. WILKINSON,
Clerk Circuit Court.

STORY OF SUFFERING

Wreck of the American Bark Francis on Black Shore.

EXPERIENCES OF THE CREW

On Terra Del Fuego, "The Land of Fire," Ship Was Driven Ashore. Seen Went to Pieces—Capt. and Crew from Exhaustion.

New York, Sept. 25.—The wreck of the American bark Francis on black Staten Island, Terra del Fuego, "The Land of Fire," is a thrilling one.

Six of the crew have been rescued here by the steamer from Punta Arenas. Four perished and three are in hospital at Punta Arenas. The bark was owned by the Chilean government, and was on a voyage with a cargo of coal for the same place.

On the night of June 15, the bark Francis, under the command of Capt. John Johnson, was driven ashore on the black shore of Terra del Fuego, and was wrecked.

The bark was driven ashore by a heavy sea, and was wrecked on the black shore of Terra del Fuego. The crew were exhausted and the bark was driven ashore.

The bark was driven ashore by a heavy sea, and was wrecked on the black shore of Terra del Fuego. The crew were exhausted and the bark was driven ashore.

CONTINUED RAINS CAUSING DAMAGE

Damage Was Not Confined To One Section, But Was General.

COTTON CROP WILL SUFFER

All Through the Sea Island Belt, including Southern Georgia, visited by heavy showers—Pine Lands are also flooded everywhere.

The severe rain, which started about midnight Sunday night and continued at brief intervals during Sunday night, Monday, Tuesday night and the greater part of Tuesday, was one of the heaviest that has visited this section of the State in a long time.

This rain seemed to be general, extending not only through this immediate section, but into Southern Georgia. Parties arriving from Valdosta and other South Georgia points state that the rain came down in torrents, and that the country has been flooded.

It is feared that the rain, coming at this time, has proved of great damage to crops, especially cotton, which was open in the fields, and could not be gathered on account of the severity of labor.

The low pine woods are also covered, which is proving a serious damage to the naval stores and cross-timberland.

DEATH OF MRS. BAUKMAN.

Mrs. Emma and Miss Beloved Lady Baudin Baudin in Archer Monday.

Mrs. Anna Baukman of Archer died at her home near that town on Sunday evening about 9 o'clock of pneumonia, after an illness covering a period of some time.

Baukman was a native of Smithville, N. C., and was born about twenty years ago. She came to Florida about 1882 from Georgia, where she had resided for ten or five years. She was for many years, and up to the time of her death, a consistent member of the Methodist church, and has always been an active Christian worker.

Baukman is survived by a brother, John Baukman of this city, one sister, Mrs. Richardson of Seattle, Wash., and three sons, J. H. Acres of Jacksonville, and Alexander and John Baukman of Archer, to whom the sympathy of friends is extended.

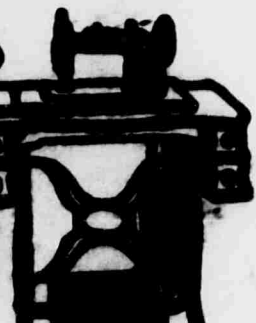

The remains were brought to this city Tuesday afternoon, arriving here at 5 o'clock. The funeral cortege was formed at the depot, owing to the lateness of the hour of the arrival of the train, and the interment was in Evergreen cemetery. The funeral was attended by a large number of friends, and many and handsome were the floral decorations.

The New Pure Food and Drug Law.
We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug Law. It contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Predicts a Fine Term.
Prof. H. L. Neal, principal of the Waldo Senior High School, who was in the city a day or two recently, predicts one of the most successful seasons that school has ever had, as he declares the people of Waldo are quite to the educational interests of their children.

Prof. Neal has an efficient corps of assistants, with Miss Elsie E. Davis as his first assistant.

**5 DRAWER
DROP HEAD
SEWING
MACHINE
\$15.75**

5 Year Warranty
This is a high-grade, absolutely reliable machine, with a drop head, and five drawers, and is built to last. It is a complete set of everything you need to sew. It is built to last, and is guaranteed for 5 years, and will do any and all kinds of sewing. You may try it 10 days, and if you do not like it, we will take it back, and give you your money back.

Pale, Thin, Nervous?

Then your blood must be in a very bad condition. You certainly know what to take, then take it—Ayer's Sarsaparilla. If you doubt, then consult your doctor. We know what he will say about this grand old family medicine.

This is the first question your doctor would ask: "Are your blood regular?" He knows that daily action of the blood is absolutely essential to recovery. Even from liver action and from blood diseases by taking inactive food of Ayer's Pills.

Ayer's
We have no equals! We publish the formula of all our medicines.

JUDGE MASON'S COURT.

Pistol Toter and Three Gamblers Arrested on a Passing Train.

While the north-bound train on the Atlantic Coast Line was standing at the station Monday afternoon, Deputy Sheriff Walker made a "haul."

There was a private car attached to the train bearing a number of negroes in charge of a contractor who had picked them up at various places through South Florida. Mr. Walker ascertained the fact that some of the members of the party were gambling, when he promptly entered the car and arrested M. Quartermann, Joseph Gaines, Sol. Wells and John Motte. A gun was found on the person of Quartermann, who was also a member of the quartette of gamblers.

The men were arraigned in Judge Mason's court. Quartermann was assessed a fine of \$100 and costs, or three months, upon a charge of carrying concealed weapons, and \$30 and costs, or three months, on the charge of gambling. The others were fined \$30 and costs or three months each. In default of payment of fines the quartette were sent to the "gang" to serve out their sentences.

NEW UNIVERSITY PROFESSOR.

Dr. E. M. Banks, a Noted Educator, Will Fill Chair Here.

Dr. E. M. Banks, Ph. D., for many years connected with the Columbia University of New York City, and one of the most capable educators in the country, has arrived in the city and will for the coming term occupy a chair in the University of Florida, succeeding Dr. D. Y. Thomas, professor of history and economics.

Dr. Banks comes highly recommended, and President Sneed feels that he will make a good man.

Dr. Thomas, who is also a fine educator, has accepted a position in the University of Arkansas. Friends very much regret to see him leave, but trust that he will be pleased with his new position.

Cures Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

New Scruggs Home.

The new Scruggs home on East Magnolia street, East Gainesville, is rapidly nearing completion. This will be one of the most modern homes in that section of the city, and a credit to the owner.

Contractor August Wenske states that, under favorable conditions, he will finish the job in about three weeks.

This house will be two stories in height, and will contain nine rooms.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea.

IN MAYOR'S COURT.

Number of Offenders of Municipal Laws Were Up Monday.

There was a large docket in the city court Monday morning, there being a number of alleged gamblers—crap shooters, as well as others—before the mayor.

Geo. Scofield was arraigned upon a charge of disorderly conduct, the prosecuting witness being Joseph Warren. Owing to the absence of witnesses the case was postponed until next Monday.

Sam Cook, colored, charged with being intoxicated, was fined \$1 and costs.

Burk Tillman, colored, drunk and disorderly, \$5 and costs.

Bish Thomas, Randolph Brown, Shakespeare Peter, Fletcher Hilton and Sam Green, all colored, were arraigned for gambling. Officers Arnow and Walker having arrested them Sunday morning in the vicinity of the Seaboard Air Line depot in the act of shooting crap. The defendants pleaded guilty, and were sentenced to pay a fine of \$5 and costs each.

At the conclusion of the mayor's court the gamblers were rearrested and arraigned in Justice Colman's court, where they were also assessed a fine of \$5 and costs each.

PISTOL TOTERS SENTENCED.

Two Colored Men Brought Here and Jailed for Carrying Pistols.

Because they persisted in carrying pistols, two colored men were brought to this city from Wilcox Monday by Constable J. H. Martin and placed in jail to serve their sentences in the "gang," having been unable to pay their fines.

The names of the men could not be learned. They were convicted in Justice J. M. Everett's court at Wilcox, however, and one was sentenced to pay a fine of \$300 and costs or spend five months in prison, while the other, not quite so unfortunate, will go up for three months in default of a hundred dollar fine.

It seems as though the practice of carrying concealed weapons would cease, as it is a dead sure case of conviction and a heavy fine or imprisonment in every instance where the offender is apprehended.

MR. WESTON HERE.

Former Manager of Biltmore Farm Visiting Manager Callison.

Among the prominent visitors to this section of the State is George F. Weston of Arden, N. C., who is here as a guest of Manager N. A. Callison, of Spring Park Farm.

Mr. Weston was for a long time the efficient manager of the famous Biltmore Farm, the property of Vanderbilt, but resigned in order to take charge of his own place.

Mr. Weston is thoroughly posted on cattle and live stock of all kinds, and his knowledge in this direction had a great deal to do with the success of Biltmore, which is one of the finest institutions of its kind in the United States. He is by no means a stranger to Florida cattle men, as he has on previous occasions visited Manager Callison.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

MAON, GA

POSTMASTERS OF FOURTH CLASS HELD FIRST SESSION TUESDAY

Visitors Were Cleverly Welcomed
By Dr. Andrew Sledd.

PRESIDENT WEEKS RESPONDED

There Were Also Many Other Pleasing and Instructive Speakers. Among Whom Was Inspector Brittan of Jacksonville—Today's Session.

From Wednesday's Daily Sun.

The annual convention of the League of Postmasters of the Fourth Class of Florida, through the courtesy of Gainesville Lodge No. 990, B. P. O. E., convened in the lodge room of the Elks' Home at 2 o'clock Tuesday afternoon.

The meeting was called to order by the President, Postmaster Geo. M. Weeks of Glen St. Mary, which was followed by a most interesting and cordial address of welcome by Dr. Andrew Sledd, president of the University of the State of Florida, on behalf of the city.

Dr. Sledd's remarks were full of sincerity as, in behalf of Mayor Thomas, who was unavoidably absent on account of urgent business, he turned over the keys of the city to the keeping of the visitors.

The convention is fairly well attended, and its personnel appears to be an aggregation of superior integrity, representing the postoffices of the fourth class from almost every section of the State.

Mayor Thomas several days ago appointed a committee on arrangements. This committee at once became active, and have arranged a program of entertainment which is bound to be pleasing to the visitors.

The opening session was a most enjoyable one, and the program was as follows:

Address of Welcome in behalf of the city, by Dr. Andrew Sledd.

Response by President Geo. M. Weeks of the association.

Greetings and enrolling of delegates.

Reading of minutes of last meeting.

General discussion—"What is the Best Evidence That a Postmaster of a Fourth-Class Office is a First-Class Postmaster?"

Paper—"What Shall We Do to Be Saved?" Vice-President Turner.

Question Box.

Address by Postoffice Inspector Beatty.

The league will hold a three-days session. The business session will convene Thursday, at which the appointment of new committees, the reports of retiring committees, the report of the secretary and treasurer and other officers will be heard, which will be followed by the election of officers for the ensuing year; also the election of delegates to the National convention in Washington, which will be held during the coming month.

Notwithstanding the very inclement weather of the past two days, the rain falling in torrents at intervals, the visitors, realizing the disadvantages under existing conditions, appear to be enjoying their stay here. Postmaster Lynch, Assistant Postmaster Bell, as well as the members of the committee and citizens generally, are exerting themselves to entertain the city's guests.

This morning the visitors will be taken about the city in carriages, and will visit the various places of interest, including the University buildings and grounds.

In all, this promises to prove a most successful convention, in point of benefit from exchange of ideas and everything else.

THE HOSPITAL ASSOCIATION.

Funds Are Needed for Repairs, Etc., and Subscribers Should Pay Up.

A very important and interesting meeting of the executive committee of the Hospital Association was held on Monday afternoon at the office of Secretary Bayer.

The hospital is well officered and equipped for work, and all those needing its care and ministrations will receive the best attention of skilled physicians and graduated nurses. The hospital charges are below the ordinary cost of such institutions, and special terms are made for patients who are unable to pay the regular rates. The physicians of the city serve gratuitously all such cases. The hospital has done considerable benevolent work, and will continue to do so.

Some needed equipment and repairs, not at all large, and some deficits on account of charity work, call for help. And the secretary was directed to collect the \$1 annual subscriptions from the members of the association—those fees for 1906 still unpaid and those for 1907. The executive committee would greatly appreciate this promised co-operation from the large number of subscribers in Gainesville and Alachua county. Send your dues to F. Bayer, secretary.

THOS. P. HAY,
Chairman Ex. Com.

THE NEWS FROM BELL.

Railroad Station Completed—Serious Rains—Other Notes of Interest.

Bell, Sept. 24.—We are having a series of rains doing considerable damage to cotton—but very favorable to gardens just planted.

Wm. Thomas lost a fine mule, cost \$275. The mule died with colic.

The contractor, J. L. Sparkman, completed the depot, and it is a nice building—a credit to any town. The citizens are well pleased, and the very accommodating agent, Mr. Coming, is in charge. Wm. Thomas has the credit of the first bill of lading.

Jones Bryant has had his storehouse painted. Others are estimating bills of paint to spot their business places and dwellings.

N. J. Williams has purchased the old Williams stand, and opened to the public trade and cotton buying.

Wilson Griffin has a fine boy; also Mr. Perkins has a fine girl. Mothers and babies are doing well.

Our congenial postmaster, C. C. Martin, has gone to Gainesville, the capital city, on business and pleasure trip a few days. Ex-Postmaster J. E. Williams is caring for the office in his absence.

Stringfellows to Return.

T. B. Stringfellow is greeting his former friends and acquaintances in this city.

As was stated several weeks ago, Mr. Stringfellow and family, who were for years residents here, have decided to make their home in Gainesville again. They have been residing in Jacksonville for several years.

Mrs. Stringfellow and Mrs. J. F. Edwards, who have been abroad all summer, reached New York on the 1st inst., where they were met by Mr. Stringfellow. They proceeded to Opelika, Ala., where the children are at school, and will reach Gainesville about October 1. Friends will be glad to welcome them to their old home.

Death in North Carolina.

Information reached this city Tuesday of the death of D. B. Morrison, thirty-five years of age, who succumbed to appendicitis at a hospital in Goldsboro, N. C., some time during Monday.

Deceased was well known in this city and section. He had been for several years extensively engaged in the manufacture of lumber at Morrison. He is survived by a wife, to whom the sympathy of friends is extended.

The remains were taken to the former home of deceased in South Carolina, where the funeral will be held.

Of Interest to Many.

Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. J. W. McCollum & Co.

White Man's Whiskey and the South's Great Race Problem

The Pensacola Journal of last Sunday contained the following excellent editorial:

When Seaborn Wright, the great Georgia orator, speaking to a Pensacola audience last week, drew his deadly picture of the part which the saloon plays in the troubles between the races in the South today, he told a truth which every man within the hearing of his voice at once recognized and admitted.

Put two churches—one white and one colored—in the same community. Let them hold the same kind of services, sing the same songs, and preach from the same texts, and a race problem is the last thing in the world that either think about.

But pull the pulpits out of those churches, install in each a bar with a white aproned bartender behind it, and let one go to dishing out liquor to white, and the other to colored patrons, and you have a race problem inside of twenty minutes.

It was white men's liquor in the frenzied brains of drunken negroes that caused the Atlanta race riots. That is a fact which no man has ever thought of denying or will attempt to deny. It was the open, licensed bar-room that caused the bloodshed and terror in Atlanta, and it is the open, licensed bar-room that is at the bottom of a large part of the trouble between the races everywhere.

The negro is not, inherently, a bad citizen. The sober, industrious, hard-working negro seldom, if ever, gets into trouble. He is trusted and respected by his white neighbors, and they live side by side, each in his respective sphere, without malice or friction or trouble of any kind.

But when a shiftless, worthless negro fills up on white men's whiskey and proceeds to spread terror through the community, he not only causes trouble, but the innocent, law-abiding, and respectable members of his race suffer in consequence.

The good negro in the community does not stand for any such a condition as this, but what can the good negro do when an open grog shop stands on every corner ready to entice and debauch the weak members of his race? It might be different with them if the good negroes did not have to suffer for these things, but they do suffer and they do get the blame when they are in no way responsible.

Run the saloons out of the South and the race problem will be practically solved. Prohibit the existence of low dives, operated by white men, and negroes alike, for the sale of liquor to the lower class, and the law-abiding, respectable negroes will no longer have to bear the stigma of crimes for which they never have been responsible.

This is a duty which the white race owes to the negro and a duty which the best element of negroes owe to their own race. Let white and colored alike decide to vote the traffic out.

ACCIDENT TO A LAD.

While Working Shingle Machine Both Hands Were Badly Lacerated.

While working at a shingle machine at the mill at Fairbanks Tuesday afternoon at half-past 4 o'clock, Fletcher, the fourteen-year-old son of L. F. Tillman, had the misfortune to get both hands horribly mutilated in the cogs.

As soon as the accident occurred the little fellow was brought to this city and attended by Dr. Lartigue.

Fletcher showed remarkable nerve, bearing up bravely under the ordeal. The little fellow's injuries will disfigure both hands, but it is fortunate that it was no worse.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

TUMORS CONQUERED

Overwhelming Proof that Lydia E. Pinkham's Vegetable Compound Succeeds.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy Tumor.

The growth of a tumor is so insidious that frequently its presence is wholly unsuspected until it is well advanced.

So called "wandering pains" may come from its early stages or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain, from the abdomen through the groin and thigh.

If you have mysterious pains, if there are indications of inflammation or displacement, secure a bottle of Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, right away and begin its use.

The following letters should convince every suffering woman of its virtue, and that it actually does conquer tumors.

Mrs. May Fry, of 336 W. Colfax Ave., South Bend, Ind., writes:

Dear Mrs. Pinkham:—

"I take great pleasure in writing to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I also took the Blood Purifier in alternate doses with the Compound. Your medicine removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They had said that only an operation could help me. I am very thankful that I followed a friend's advice and took your medicine. It has made me a strong and well woman and I shall recommend it as long as I live."

Mrs. E. F. Hayes, of 26 Ruggles St., Boston, Mass., writes:

Dear Mrs. Pinkham:—

"I have been under different doctors' treatment for a long time without relief. They told me I had a fibroid tumor, my abdomen was swollen and I suffered with great pain. I wrote to you for advice, you replied and I followed your directions carefully and today I am a well woman. Lydia E. Pinkham's Vegetable Compound expelled the tumor and strengthened my whole system."

Mrs. Perry Byers, of Mt. Pleasant, Iowa, writes:

Dear Mrs. Pinkham:—
"I was told by my physician that I had a fibroid tumor and that I would have to be operated upon. I wrote to you for advice, which I followed carefully and took Lydia E. Pinkham's Vegetable Compound. I am not only cured of the tumor but other female troubles and can do all my own work after eight years of suffering."

Mrs. S. J. Barber, of South, N. Y., writes:

Dear Mrs. Pinkham:—
"Sometimes ago I wrote you the advice about a tumor which the doctor thought would have to be removed. Instead I took Lydia E. Pinkham's Vegetable Compound and to-day am a well woman."

Mrs. M. M. Fink, Vandalia, Mo., writes:

Dear Mrs. Pinkham:—
"I had a tumor and Lydia E. Pinkham's Vegetable Compound expelled it for me after two doctors had failed to do so. I am now a strong and well woman. I began to take the Compound and I recommend Lydia E. Pinkham's Vegetable Compound for all cases."

Such testimony is the best evidence of the power of Lydia E. Pinkham's Vegetable Compound to cure tumors without a pain or a scar. It is a medicine that cures all the ills of women, and cures them by restoring the system to its normal state. Bearing-down, irregular menstruation, nervousness, headache, etc., etc. Women should know that Lydia E. Pinkham's Vegetable Compound is a medicine that cures all the ills of women, and cures them by restoring the system to its normal state. Don't forget to look for the name Lydia E. Pinkham's Vegetable Compound on the wrapper, and to get the Compound from a reliable source.

Mrs. Pinkham's Address:—

Women suffering from tumors of female organs, or from any other ailment, should write Mrs. Pinkham for advice. She is a woman who has been cured of all the ills of women, and cures them by restoring the system to its normal state. Don't forget to look for the name Lydia E. Pinkham's Vegetable Compound on the wrapper, and to get the Compound from a reliable source.

...SPECIAL SALE...

Our Mr. Higdon has just returned from the Eastern Markets, where he purchased a LARGE ASSORTMENT OF MILL-END GOODS that we have placed on sale at LESS THAN IT COST TO MANUFACTURE THE GOODS.

Included in this MILL-END SALE will be found Lace Curtains, worth \$2.00 to \$5.00 per pair, at \$1.50. Rayons and Branch Bags, worth from \$5.00 to \$6.00, will be sold at \$1.50 to \$2.50. Men's Underwear away under \$1.00. Large assortment Handkerchiefs, Hosiery, Underwear in bulk goods. Men's shirts worth \$15.00 to \$20.00, at from \$7.50 to \$12.50. Laces, Diapers, Napkins, etc., in lengths of from one to ten yards at less than half of what you would have to pay in regular goods.

Our stock is too large and varied to begin to name prices, but come and be convinced that we will save you money.

WITH MOST FLATTERING PROSPECTS THE UNIVERSITY OF FLORIDA OPENS

Enrollment First Day Very Encouraging to President Sledd.

IS THOROUGHLY ORGANIZED

It is Expected That All Students Will Be Here by the Latter Part of the Week, When Faculty and Students Will Get Down to Hard Work.

The fall term of the great University of the State of Florida opened in due form Wednesday morning, in accordance with the formal announcement, and the prospects this year seem brighter than ever.

The enrollment at the beginning of the term was very encouraging, and all during Wednesday students were arriving from various sections of the State. By the end of the present week it is anticipated that the dormitory will be well filled. Dr. Andrew Sledd, president, feels greatly encouraged over the outlook for the term.

The faculty for the present term will be the same as last, with two or three exceptions, and is as follows:

Andrew Sledd, Ph.D., LL.D., President, and acting Professor of Philosophy.

Jas. M. Farr, A.M., Ph.D., Vice-President, and Professor of English.

W. F. Yocum, A.M., D.D., Professor of Education.

Edward R. Flint, B.S., Ph.D., M. D., Professor of Chemistry.

M. T. Hochstrasser, B.S., M.E., Professor of Mechanical Engineering and Drawing.

Karl Schmidt, A.M., Ph.D., Professor of Mathematics and Astronomy.

E. M. Banks, M.A., Ph.D., Professor of Zoology and Geology.

J. R. Benton, A.B., Ph.D., Professor of Physics and Civil Engineering.

H. S. Davis, A.M., Ph.D., Professor of History and Political Science.

Jas. N. Anderson, M.A., Ph.D., Professor of Latin and Greek.

C. L. Crow, M.A., Ph.D., Professor of Modern Languages.

J. M. Scott, B.S., M.S., Professor of Agriculture and History.

Louis R. Ball, First Lieutenant Thirteenth U. S. Cavalry, Commandant, and Professor of Military Science.

W. L. Floyd, M.S., Assistant Professor of Biology and Physics.

Other officers of the University are:

K. H. Graham, Auditor and Book-keeper.

J. A. Forsythe, Jr., Physical Director.

W. S. Gauthon, A.B., Librarian.

Mrs. S. J. Swanson, Matron.

A. G. Colclough, Superintendent of Grounds.

During the summer many improvements have been made to the grounds and buildings. The artificial stone sidewalks have been extended from the city limits along the University fence as far as the gate opposite Buckman Hall, and similar walks have been constructed through the grounds. The hallways in the dormitories and in the academic building have been greatly improved, and the chapel and mess hall have been much beautified.

The first faculty meeting of the year was held Monday, with every member present except Dr. Flint, who will shortly arrive from the Panama Canal zone, where he spent the summer. Dr. J. M. Scott, of the Experiment Station, was present as the locum tenens of the Chair of Agriculture and Horticulture until a successor to Professor Clothier is elected.

Other men present for the first time were Dr. E. M. Banks and Dr. H. S. Davis. Dr. Banks was graduated at the Ohio Wesleyan University, after which he won his doctorate at Harvard. For the last three years he has been in charge of the department of zoology at the Washington State College. He comes with the highest recommendations from Ohio Wesleyan and Harvard, as well as from the State College.

Dr. Davis received his A. B. and A. M. degrees from Emory College, Georgia. Since then he has studied at Columbia University and in Germany.

any. His Ph. D. degree was won at Columbia. He has been a Fellow in Economics at Columbia, and has taught at Emory College and at the University of Pennsylvania. He has been a contributor on educational and economic topics to The Methodist Quarterly Review, to The South Atlantic Quarterly, and to The Annals of the American Academy of Political and Social Science, and has had published by The Columbia University Press a volume on the Economics of Land Tenure in Georgia.

Standing Committees.

Of the standing committees appointed by the president those of most general interest are probably the ones designated self help and University extension. The former is to help as far as possible needy students, and is composed of Professors Benton, Floyd, Hochstrasser, Crow and Davis. The latter is composed of Professors Yocum, Anderson, Farr, Schmidt and Banks.

The College Farm.

The authorities of the University have set aside forty acres of the finest pine and hammock land for the development of a college farm, which is to be used exclusively for the instruction of students, and supplemented as needs may require by the farm and experimental work of the experimental station, which is operated in connection with the University, and which is supported by the United States Government. This station was established by the Government in 1888, and has proved of great value to the farmers and horticulturists of Florida. This station is under direction of Prof. P. H. Rolfs, who has an able corps of assistants.

In all, the University and experiment station combined is a fine thing for Florida, among the leading institutions of their kind in the country.

MUCH CONCERN FELT.

Ordinary Methods for Treating Catarrh Prove Unsuccessful.

Recent statistics showing an increase in catarrh have shaken the confidence of medical men in the usual prescriptions to safeguard human health from the ravages of this disease.

When stomach dosing proved ineffective, it was natural to look for some other treatment, and it is believed that in Hyomel an absolute cure for all catarrhal troubles has at last been found. Breathed through a neat pocket inhaler, its healing medication reaches every spot where there are catarrhal germs, destroys them, prevents their future growth, and soothes the irritated mucous membrane so that relief is felt almost instantly, while lasting cure is practically sure to follow.

The complete Hyomel outfit costs but \$1.00, and is sold by J. W. McCollum & Co. under an absolute agreement to refund the money if it does not give satisfaction. It is the only cure for catarrh that has ever been sold under a guarantee to cost nothing unless it cures, but J. W. McCollum & Co. have so much faith in its power to cure all catarrhal troubles that they are willing to take the risk, so if Hyomel does not help you there will not be a penny's expense. Get an outfit at once of this liberal plan.

MURRAY WAS ACQUITTED.

Negro Charged With Fraudulent Use of Mails Was Released.

Joseph Murray, a well-known colored man of this city who was arrested here a few days ago by instruction from the United States authorities upon a charge of using a cancelled postage stamp on a letter, was arraigned in the United States Court in Jacksonville and acquitted, the court failing to find sufficient evidence of his guilt.

Murray was defended by Judge Syd L. Carter of this city.

Moving Picture Show.

A fair-sized house greeted the Wild & Kennedy moving picture show at the opera house last night, and were well pleased with the pictures, which are as good as any seen here.

The attraction will be here for three nights and matinee daily.

For the best printed stationery at lowest prices call at The Sun office.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best only law of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable it takes at the proper time, the California Fig Syrup Co. feels that it is all the important to supply truthfully the subject and to supply the one perfect laxative remedy which has the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of culture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most reliable of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects, note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, and with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

IMPORTANT CASES BEFORE JUDGE MASON

Four Alleged Offenders of Prohibition Law Arraigned.

THEY ALL WAIVED EXAMINATION

And Gave Bond in Sum of \$400 Each for Appearance Before Next Grand Jury—Three Arrests at Newberry, Two of Whom Are White Men.

Wednesday was a red-letter day in County Judge Mason's court, as far as alleged "blind tiger" cases were concerned, four having come up for the consideration of the court.

Dr. N. J. Barry and James Holt, two well-known white citizens of Newberry, were arraigned upon a charge alleging the selling of liquor contrary

to law. Both waived examination and gave bond in the sum of \$400 each for their appearance at the next session of the circuit court.

Wes Edle, colored, also of Newberry, was arraigned upon a charge of selling whiskey. He waived examination and gave bond in the sum of \$400. This was the same fate of Will Green, colored, of Tyler, who was brought to this city by Deputy Sheriff Deach.

Dr. Barry is well known throughout the West End, as he has been conducting a drug store in Newberry for several years.

Dr. Barry, James Holt and Wes Edle were arrested by Deputy Sheriff I. C. Walker at Newberry.

MELROSE NEWS NOTES.

People Returning From Summer Outings—Woodmen Lodge Growing.

Melrose, Sept. 25.—Mrs. G. W. Roberts and two children, and Mrs. M.

E. Smith, left for Tampa, Fla., from there they go to St. Petersburg.

Mr. and Mrs. E. W. Smith expected home this week.

Mrs. Yearwood and Misses Lilla, William and John have returned from Tampa. They have been for the past month.

Mr. Orrin Shattuck was expected home for a few days.

Miss W. E. Lee is home from a visit with relatives in Georgia.

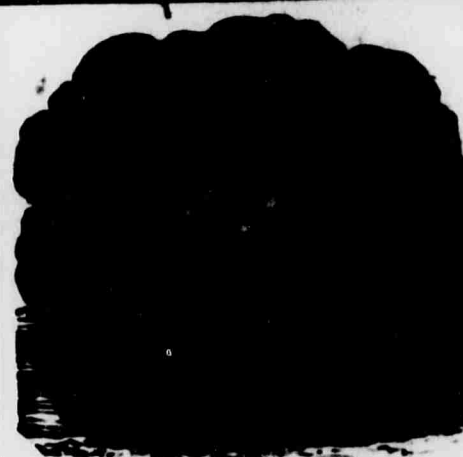

School opened Monday with Miss Core Fulton as teacher. Miss Thompson who was to be principal, did not come back as expected.

Charles Hoffman is to leave for teaching school.

On Tuesday evening Mrs. J. H. No. 178, Woodmen of the Woodmen lodge, introduced into the members of the lodge J. H. Price, Thomas W. Price and A. E. Taylor.

DRESS PERFECTION LIES IN THE SMALL DETAILS

Mrs. Osborn Reviews the Little, But Important, Accessories That Complete a Woman's Costume.

Copyright, 1907, The Delineator

New York, September 18.—Often you meet on the street, or at some social gathering, a woman who holds your attention by her distinction of being well-dressed. The more you admire, the more you find yourself unable to point exactly to the thing that wins your admiration. In fact, it is no one thing, but a clever harmonization of many things, that give her dress-perfection. So skillfully has the woman arranged and combined the various details of her costume that they all merge into a superb effect of oneness—the whole.

The vast array of accessories for fall wear will give every woman ample opportunity to use her cleverness and to prove to her own gratification that a mastery of details means a solution of the eternal problem of effective dressing.

"Colors," writes Mrs. Osborn, "are to be unusually striking this season. Some excellent browns have been introduced. Chinese blue and Bordeaux red are in high favor, as well as some delicately beautiful tints in amethyst and gray-green effects. And purple! So fashionable is it that I fear it will be run to death. In all features of dress we are in for another season of it."

"Flowers will reign this fall in gay profusion—some new ones, too. Peonies are the very smartest, the very latest, thing in the artificial flower garden. Dahlias, daisies, and chrysanthemums are also much used."

One might devote a whole chapter on the alluring show of Fall veils. They run the whole scale of every shade, weight and design imaginable in chiffon, lace or gauze, with exquisite borders and occasional dainty patterns on the face. The large, bold designs covering the face are no longer favored.

The Autumn coiffures are to be more elaborate than ever—veritable symphonies of false hair. Puffs, curls, rolls and switches are to be employed with a predilection that is having a widespread vogue. The principal lack of this vogue—for there is a principle back of all things fashionable, even false hair—is that the hair should be made to follow the form of the hat, fill out or fall in according to the hat trim.

There has been one marked change in regard to hosiery fashion—lace openwork is no longer desirable, being replaced by the plain mesh. These plain stockings of silk or lisle are of the gauziest texture and are more often than not unornamented. There are, however, some beautiful embrod-

eries shown in delicate flower patterns for those whose preference are along such lines.

For the coming season the plaited skirt will no doubt continue, but with a declining favor. Its popularity has been tremendous and it can't disappear in a moment; but unmistakably the new gored skirt will be worn not a little. These circular gored skirts are very graceful and really economical, as all your material is utilized in the cutting.

The coats are very attractive for the Fall. The effects are tighter, showing more of the line of the figure. The Louis period with its handsomely embroidered vest is to be seen much, and one of the strongest features for Autumn in trimmings will be braid effects. Then there are also the tight-fitting short jackets with Gibson effects and many variations of the Prince Chap as well as cutaways, redingotes and box coats—in fact, coat fashions were never more attractive and varied.

The long wraps to wear with more elegant costumes are this season unusually graceful as well as sensible in their loose, voluminous lines and kimono effects, as well as the one-piece wrap which can be taken on and off without mussing the softest and daintiest of gowns. With these wraps a woman is emancipated from having her sleeves tucked in by another person.

Many smart tailored gowns are to be worn combined with severely tailored waists.

"The Empire gown and the princess, both greatly modified," continues Mrs. Osborn, "will continue to appear frequently. The Empire waistline, slightly indicated, say, perhaps an inch higher than the regulation waist, is graceful even on fleshy women. The old idea of the Princess, melting the woman and pouring her into it, no longer prevails. Such accentuation of the hips ruined the style. The straight-cut princess of today, suggesting the long, straight line from the shoulder, is more exclusive. One of Ethel Barrymore's gowns is a beautiful illustration of this, but possibly a little too marked in cut for all to follow."

Among the Princess models those with the plastron front will probably meet with a great popularity, for it can be varied in so many ways. It can be fashioned in the severe materials, with button, braid or embroidered effects, and also in the chiffon cloths and soft evening fabrics.

And now for the fabrics. We are inclined to a greater simplicity of pattern, which is very hopeful for American dress. They will be rich and warm both in texture and color. In wool materials we shall wear many of the regulation Winter stuffs—broadcloth, plain and in stripes, and plaids, ladies' cloth, heavy serge, wool panama, chevots and velvets. The one-color broadcloths will appear in violet, blue, purple and fawn, while in the chevots and plaids, the prevailing colors will be blue, stone-gray and green. Many of these fabrics will be heavily trimmed.

We are to have a great variety of trimming this season and will wear a great deal of it—some set on, some set in, some suspended. Stitched and plain bands of cloth or silk and soutache, from the widest to the narrowest widths, will be used in decoration of the heavier dress fabrics and even on a chiffon voile. In many cases these trimmings are made more conspicuous by the mode in which they are attached, usually by blind-stitching only on one edge.

The daintiest, most delicate design in pastel shades or resemblances to Dresden patterns will delight the eye in the unobtrusive yet decided vest in the suit coat, or even in the house gown. The introduction of gold and silver thread in many of these designs gives a delicate but vivid note of richness. Buttons large and small in odd designs and mostly made up of soutache, or a fancy curling of braid, and even the long-used frog appear in new-found places on gowns, suits or coats.

"A great deal of jewelry is now being worn," concludes Mrs. Osborn,

"notably bracelets and large earrings. Smart women suit the color of their jewelry to their gown. Large hand-bag effects are no longer so fashionable."

"In the laces flet worked—or rather darned—in gold thread, or set in with solid embroidery in gold, brown or violet, are among the most popular. For that matter, flet in almost every conceivable design, from all-over patterns to modifs of triangular design of velvet and gold or gold and silver, will have a long, long run. Among the standard laces the most fashionable are Irish crochet, valenciennes, cluny and Japanese, and, of course, among the real laces—point de venise, English thread and princess."

Chateau To Be Museum.

Paris, Sept. 24.—A splendid bequest has been made to the Little town of Bruges, in the Pas de Calais, and, therefore, to the French people. Mme. Le Sergeant de Monrecove, nee Foster, who has just died has left to the town the big chateau of Raddingham, which contains some very fine works of art. By the terms of the will the chateau is to be turned into a museum, and to be called the Foster et Monrecove museum.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." Sold by W. M. Johnson.

ALABAMA RATE LAWS.

Action of Montgomery Freight Bureau Stirs Up Railroads.

Montgomery, Ala., Sept. 24.—The Montgomery freight bureau has sent out letters to merchants asking them to refuse all freight by those lines which have accepted the state laws reducing rates.

This is taken as a form of boycott and the contesting lines are very much worked up over it.

The only lines which are not giving the new rates are the Louisville and Nashville, the Western of Alabama and the Central of Georgia. They are bound to lose heavily if the policy accepted. The letter works out a scheme for shipment from all territory that will avoid the three roads not in line with the state rates.

Alabama has an anti-boycott law that may be invoked to resist the movement.

If Its a Reputation

You are after, White's Cream Vermifuge has a world wide reputation as the best of all worm destroyers, and for its tonic influence on weak and unthrifty children. It improves their digestion and assimilation of their food, strengthens their nervous system and restores them to health and vigor natural to a child. If you want a healthy, happy child get a bottle of White's Cream Vermifuge. Sold by W. M. Johnson.

No Mayoralty for Longworth.

Cincinnati, Ohio, Sept. 24.—Congressman and Mrs. Nicholas Longworth arrived here Saturday from their Hawaiian trip. Mr. Longworth who has been mentioned as a possible republican candidate for mayor of Cincinnati, in an interview, said that he would not under any circumstances accept the nomination.

A "Bilious Attack."

"I'll assure my life tomorrow"

That's good—but how do you know there is going to be any tomorrow for you?

It is the Policy in force TODAY that is going to protect the widows and orphans of tomorrow.

Sometime—between two days—your tomorrows will all pass into yesterdays.

Ninety-seven per cent of all death claims settled in the United States and Canada by

The EQUITABLE

during 1906 were settled within ONE DAY after proofs of death were received. Where claims are not paid immediately it is usually due to delay on the part of the beneficiary in submitting complete papers.

has returned from various points in North Carolina and Virginia, where she spent the past two months visiting friends. She reports a delightful outing and returns home greatly improved in health.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. J. W. McCollum & Co.

Judge Mason reports the marriage docket slightly "to the good," having issued Saturday licenses to Willie Roscoe and Katie Wilson, Pompey Godfrey and Elphie Green, colored, and a couple of licenses to white people who request that at present their names not be published.

J. P. Prevatt, the young man who has been assisting County Tax Assessor W. W. Colson in his office for the past few months, has gone to Bowling Green, Ky., where he will enter the Potter Bible College. Mr. Prevatt is preparing to be a minister, and his friends wish him much success.

Friends of C. C. Chitty, who has been confined at the Odd Fellows' Sanitarium for the past few days as the result of a surgical operation, will be glad to learn that he continues to improve. The weather conditions being favorable, he will be removed to his home today, and expects to be out in a short time.

Dr. J. R. Benton and family and Prof. Carl Schmidt, after a pleasant outing of several weeks in Hendersonville, N. C., have returned to their home in this city. Dr. Benton and Prof. Schmidt are members of the University of Florida, and will resume their duties at the opening of that institution tomorrow.

Mr. and Mrs. Chas. Birt have gone to Louisville for a few days, where they will be guests of the former's parents. They will also attend the marriage of John Milliken and Miss Della McKinney, the accomplished daughter of Mr. and Mrs. Chas. McKinney, which will occur at the home of the bride's parents at Louisville tomorrow morning.

Mrs. F. T. McCormick, the milliner, has returned from the Northern markets, where she has been for the past few days selecting her new fall line. She purchased largely, securing some of the latest creations in the millinery art. Her goods are now arriving, and she will make formal announcement of her fall opening in a few days.

Attention is called to the change of advertisement of the Gainesville National Bank, which appears in this issue. This enterprising institution announces that it has now 264 deposit customers, and is adding new ones every day. Through courteous treatment and conservative management this new bank is rapidly coming to the front as one of the leading financial institutions in this section of the State.

Rev. Francis H. Craighill, rector of Holy Trinity Episcopal church, together with Mrs. Craighill and children, left yesterday for Washington and Richmond. At Washington Dr. Craighill will attend the International Convention of the Brotherhood of St. Andrew, at the conclusion of which he will go to Richmond as a delegate to the Central Convention of the Episcopal Church. Friends wish Dr. Craighill and family a pleasant and beneficial outing.

From Wednesday's Daily Sun:
 M. S. Davis of Bland was here yesterday on business.

G. D. Folks has returned from a visit to White Springs.

F. M. Jones was in the city trading from Waldo yesterday.

O. G. Husband of Melrose spent yesterday in this city with friends.

E. G. Spencer of Alachua was transacting business in this city yesterday.

John McGhee of Campville was among those who spent the day here yesterday.

Mrs. M. H. Davis and sister of Hague were in the city yesterday, guests of friends.

W. H. Hays and Attorney F. Y. Smith of Alachua were visitors to the county capital yesterday.

C. A. Neel and John Holt, two well-known citizens of Newberry, were among those yesterday in the city.

Frank Yearwood of Melrose and James Lumpkin of Orange Heights were among those who spent yesterday in Gainesville.

Grafted and budded pecan trees of best varieties for sale. Prices furnished on application. E. K. Stokes, Campville, Fla.

John G. Dampier of Hague, chairman of the Board of County Commissioners, was transacting business in this city yesterday.

W. O. Varnado, a well-known and progressive citizen of Santa Fe, was transacting business in the county metropolis yesterday.

W. S. Moore of Hawthorn was in the city for a few hours yesterday. He was en route from Bowling Park, where he will install a lighting plant.

W. B. Holder of Santa Fe passed through the city yesterday en route to Louise, where today he will attend the Milligan-McKinney nuptials.

J. E. Ledbetter of Montgomery, Ala., has accepted a position at Miller's and will make his home with his brother, S. A. Ledbetter, on North Garden street.

Mr. Westfall and daughter, Miss Lola, were in the city from Island Grove yesterday. Miss Lola has been assigned as assistant in the school at that place.

Hade Drummond, George Tillis and Raymond Smith, a well-known trio from Chieftland, Levy county, spent yesterday in Gainesville on combined business and pleasure.

Subscribers on rural free delivery routes can send in their subscriptions by the mail carriers. Persons who desire The Sun on such routes can also send money by the carriers.

Mrs. Maretta Brooks moves today, she having engaged rooms of Mrs. McFarland, opposite the High School building, where she will be at home to her music pupils and friends.

Mrs. Jackson and sister, Miss Ida Redding, are now in Denver, Col., their address being 1545 Sherman avenue. They were delighted with their visit to Victor, in the same State.

Chas. C. Martin, the genial and efficient postmaster of Bell, is in the city attending the meeting of the League of Postmasters of the Fourth-Class Offices. He made The Sun an agreeable call.

Mr. and Mrs. J. L. Hare and son of Tacoma were in the city for a few hours yesterday. They were en route to the Jamestown Exposition and other points, where they will remain for a few days.

Better come at once—they won't last long at the prices.

PHIFER BROS.,
 Paifer's Corner, Gainesville, Fla.

W. K. Boston formerly of this city but now of Bland is here on a brief visit. He has just returned from Rome, Ga., where he went on a visit to his daughter, Mrs. McKinnon, also a former resident here.

Walter R. Turner, a well-known and progressive young planter of the Micanopy district, was in the city on business yesterday. Mr. Turner brought a quantity of fine pork, which he disposed of to the markets.

Mr. and Mrs. George Taylor and son, Hal, of Palmer, and Mrs. Wm. Bagaley of Jacksonville, were in the city yesterday. Mrs. Bagaley who was for several years a resident of Palmer, is there on a visit to Mrs. Taylor.

Prof. Roy L. Hart, a teacher of ability who has been assigned for the coming term to the Island Grove school, was in the city yesterday on business connected with the office of County Superintendent Dr. J. L. Kelley.

Miss Ethel Kelley, niece of Dr. J. L. Kelley, has returned from a pleasant visit to relatives and friends in Georgia. She was accompanied on her return by her sister, Miss Susie, of Louisville, Ga., who will be here for several weeks.

W. H. Jones, a well-known young traveling man who makes Alachua his home, but who is representing a Lynchburg, Va., notion and dry goods house, on the road, was in the city yesterday. Mr. Jones is a member of the firm of Jones, Maynard & Jones, general merchants, Alachua.

Mr. and Mrs. S. O. Weaver have removed from the cottage on North University street, where they have been residing for the past few years, to the new residence on East Church street, directly east of the home of Col. A. M. Morrow, where they will be at home to their friends.

J. A. Roberts has returned from White Springs, where he has been for the past few days on account of his health. Mr. Roberts has been suffering a great deal recently, and friends will regret to learn that the change proved of little benefit to him. He may decide to go West in a short time.

Mrs. L. A. Jernigan and Mrs. Phillip Wind and baby have arrived in the city from Live Oak, where the former was summoned several days ago on account of the illness of Mrs. Wind, who is her daughter. Friends of the lady will be gratified at the information that her condition is greatly improved.

The Baird Hardware Company have a change of advertisement in this issue, to which the attention of the public is called. This firm, which is one of the most reliable of its kind in the State, is making a special run on cutlery of every description and price. It would pay intending purchasers to give them a call.

Miss Maude Lewis has returned from a visit to friends at Melrose. Miss Lewis, who was engaged in the primary department of the Gainesville Graded and High School last year, and who made herself both efficient and popular, will be assistant in the LaCrosse school, which is one of the best in the country, the coming term.

J. D. Gardner, manager for The G. W. Hyde Company, who has been in the Eastern markets for the past few days purchasing an immense fall line, announces that he expects to return home today "with goods," of which he will have something to say frequently in The Sun. This is one of the most enterprising dry goods firms in the State, managed by an enterprising merchant, which accounts largely for their success. They usually "do as they say," which is another reason for the unprecedented strides the firm has made in this section.

From Thursday's Daily Sun:
 Malza Cason was trading in the city from Hague yesterday.

W. F. Love of Trenton spent Wednesday in this city with friends.

R. L. Tison of Trenton, manager for Hardee Bros., merchants and ginners, was transacting business in this city yesterday.

Miss Mattie Boulware has returned from Mulberry, where she has been on a pleasant visit to her sister, Mrs. T. J. Townsend.

J. E. and J. C. Stokes, two well-known young men of the Devil's Mill-hopper section, were trading in the city yesterday.

R. B. Hodgson of Archer, member of the firm of Hodgson & Wood, extensive merchants, spent Tuesday in this city on business.

Miss Kate Fielding of Waldo returned to her home, after a short visit to her sister, Miss Fielding, in this city.

Frank Irwin and J. R. Thomas Fairbanks were in the city yesterday. Mr. Thomas was en route home to Bronson, where he has been on business.

Phonographs and graphophone Records latest productions. New records received every week. Cylinders 25 cents, flat, ten-inch 60 cents. Al Cook.

Mr. and Mrs. H. F. Spence, have been residing at Cyril for the past year, have returned to this city and are now pleasantly located at East Orange street.

Misses Mary Groover of Jacksonville and Janet Bird of Tallahassee are in the city, guests of relatives, the home of W. M. Bradford, West Masonic street.

Mr. and Mrs. C. V. Simpson are rejoicing over the birth of a fine boy, the stork having paid their visit yesterday morning. Friends extending congratulations.

T. S. Dorsey has gone to his home in Kentucky, where he spends a well earned vacation. Dorsey has been in that State for the past few weeks, and he will be there.

Deputy Sheriff W. M. Burdett was among those who spent yesterday in this city. Mr. Burdett states that his section has abundantly supplied with rain for the past few days.

Born, to Mr. and Mrs. C. Marks at Waldo yesterday was a fine boy. Friends of Mr. and Mrs. Marks in Gainesville extend congratulations. Mrs. T. B. Ellis, Dr. of Mrs. Marks, is with her.

Mr. and Mrs. H. P. Hakeson, Charlie, left yesterday for where they attended the wedding of Mr. Millican and Miss Kinney. The marriage occurred during yesterday.

Lieutenant Louis R. Ball, cadet of cadets at the University returned from Los Angeles, Cal., where, with his family, he has spent the past few weeks. Mrs. Ball's children do not expect to see him in Florida this year, which will be news to their friends.

Captain W. G. Shehee, one of Sun's old friends and subscribers, a well-known business man of White Springs, paid this city a visit yesterday. Captain Shehee has been here for some time with his family, but appears to be somewhat of a stranger now, which will be gratifying to his friends.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim is aware of his danger he may have a permanent injury. Take Foley's Kidney Cure, the first sign of trouble, corrects irregularities and Bright's disease and diabetes. McCollum & Co.
